SAYS SITUATION IS THREATENING

Solf Attributes Conditions in Germany to Opponents' Desire "To Destroy Us"

EBERT IS FOR MODIFICATION

New Chancellor Predicts Deplorable Conditions if Allies do Not Relent

(By United Press.)

Berlin, Nov. 26.—"The situation is threatening to the utmost because of our opponents' desire to destroy us, and because of the separatist movement in the country," Foreign Secretary Solf declared today.

A dispatch from Munich said that Kurt Reiner, president of the Bavarian republic, in a violent address, charged both Solf and Matthias Erzberger, chairman of the German armistice delegation, with being representative of the old regime.

Chancellor Ebert, in a statement at the opening of the conference of federated states, predicted that the most deplorable conditions would occur if the armistice is not modified. He outlined plans for economic reconstruction.

Warns Against Counter Revolt

London, November 26.—Warning against a counter revolution by supporters of the former kaiser, the Berlin official organ of the Ebert government, declares:

"That gang of murderers are still planning to re-establish themselves."

The newspaper made the statement in commenting on the Bavarian disclosures of the origin of the war. It pointed out that the German government was ignorant of the Austrian ultimatum before it was delivered to Serbia.

"The facts are," said the paper, "that Berlin incited Vienna. Wilhelm said the enemy accosted us. This is a lie."

Another German Protest

London, Nov. 26.—Another German protest against the armistice conditions has been sent broadcast by wireless. General von Winterfeld, objects to the German army being rendered powerless, saying:

"It can only be assumed that it is the intention of the high command of the allies to completely dissolve and destroy an army which has gloriously made a stand against superior numbers; and whose front at the cessation of hostilities had not been broken through."

Ludendorff in Sweden

Copenhagen, Nov. 26.—General Ludendorff, former commander-in-chief of the German army, has gone to Sweden, it was reported here today.

President Asked to Intervene

Washington, Nov. 26.—President Wilson's intervention in the behalf of the grand duchy of Luxemburg was sought in a telegram from the

NEW SALEM VICTORY BOYS AND GIRLS 100 PERCENT MEMBERSHIP; OVERSUBSCRIBE

The pupils of the New Salem high school have made a remarkable record in the United War Work campaign, with a hundred percent membership in the Victory Boys and Victory Girls organization and an over-subscription by each organization. Every girl in the high school is a Victory Girl and their average subscription was \$6.85. Likewise, every boy is a Victory Boy and they subscribed an average of \$11.90 each. The limit for Victory Girls is \$5 and for Victory Boys, \$10.

PUTS ON JAIL SENTENCES

Judge Anderson Fines Liquor Law Violators in Federal Court

(By United Press.)

Indianapolis, Ind., Nov. 26.—Fines as high as \$100 and jail sentences up to ninety days were imposed on ex-saloon keepers and others who pleaded guilty to bringing liquor into the state, by Judge Anderson in federal court today. The judge divided the cases into three classes: those who bring in liquor for their own use; blind tiger operators and lastly wholesalers in wet states, who resort to tricks to get liquor into dry territory. Fines were imposed on the first class; fines and jail sentences on the second. No case falling into the third class had been heard up to noon today.

FIRST RUSH COUNTY SOLDIER DISCHARGED

Louis Mauzy Mustered Out of Officers Training School and Will be Home Tonight

IN SERVICE THREE MONTHS

Louis Mauzy, who will arrive home this evening from the central officers training school for artillery officers at Camp Taylor, Louisville, Ky., is the first Rush county soldier to be discharged and mustered out of the service since the armistice was signed with Germany, November 11.

Although in a deferred class under the selective service law, Mr. Mauzy applied for admission to the central officers school and was accepted last fall. He entered the school three months ago, but received very little training because of the misfortune which befell him. He was among the first to become afflicted with the Spanish influenza, which developed into pneumonia. For some time, however, Mr. Mauzy has been recuperating and has regained his health entirely.

He will resume his place with the Mauzy company.

DR. FRANCIS TO BRING MESSAGE FROM FRONT

Address Friday Night Will be of Interest to Every Citizen of Rush County.

TO SHOW RED CROSS PICTURES

The meeting at the Graham Annex on Friday evening will be of special interest to every citizen of Rush county, and especially to members of the Red Cross. Dr. Arthur J. Francis, the speaker on that occasion, recently returned from Europe, where he spent some time in the Red Cross work at the front. Dr. Francis has been assigned to Indiana for ten speeches, and the message he brings has a strong appeal to the American people. He tells a thrilling story of the conditions as they exist, and makes plain the future need of the boys "Over There," and the great work already accomplished and still to be done by the Red Cross. The address of Dr. Francis will be supplemented with an official Red Cross motion picture in three reels, which visualizes many features of this great humanitarian organization.

F. W. BOYD SUPERINTENDENT

Franklin, Ind., Nov. 26.—The board of trustees of the Indiana Masonic home in this city, has chosen Fletcher W. Boyd, of Indianapolis, as superintendent of the home to succeed George Macomber, who resigned several weeks ago. Boyd will take the place December 1.

NO ADVISORY BODY TO BE FORMED HERE

Health Authorities Inform Mayor Irvin They Believe They Can Deal With Situation.

INFLUENZA IS NOT SERIOUS

New Cases Every Day, but Not as Many as Previously—Orphans Home Sorely Afflicted

No committee to assist the health authorities in fighting the Spanish influenza, as suggested in a proclamation issued by Governor Goodrich last Saturday, will be appointed here as the health officers believe that they can deal with the situation unassisted.

Acting upon the suggestion of the governor that representatives of relief organizations and other societies be organized into a committee to co-operate in seeking to eradicate the epidemic, Mayor Irvin consulted with the secretary of the city board of health and the county health secretary. They informed him that they believed a committee would be unnecessary at this time, especially when the epidemic seems to be under control in this county.

Although new cases continue to develop daily, they are not increasing at such rate and with such frequency as when the epidemic was at its height here in October and when the state health board orders prevented meetings of every character.

Only four new cases have been reported in Rushville since yesterday noon. The situation in the county outside of Rushville seem to be about the same, if not improved slightly, with the exception of the Soldiers' and Sailors' Orphans Home, northeast of Carthage, where seventy-five additional cases have been reported.

According to the records of the county health officer, 307 children and adults, out of the 350 enrolled in the Home, either now have or have had the influenza during the epidemic. The latest report from the Home physician shows that the seventy-five new cases developed between November 12 and 25.

In addition to these, the county health officer last night reported to the state health board five new cases in the county outside of Rushville which have developed since last Friday. This morning's mail brought the report of five new cases in Glenwood and vicinity.

Counting the Home cases and those reported elsewhere in the county and in Rushville up to noon today, the total is 89, making 1,031 cases since the state health board ordered that influenza patients be reported.

The four new patients in Rushville today are: Mrs. Ed. Chambers, 102 East Seventh street; Mrs. Lewis W. Henry, 124 East Seventh; Dorothy Blount, 733 North Morgan street, and Ralph Stant, 219 North Spencer, a pupil in Jackson school.

This is the seventh school child reported to have been afflicted with the disease, but the new cases in the schools have developed so slowly that health authorities have little fear of an epidemic among school children. Every precaution is being taken to prevent a spread of the malady in the schools.

SIX DEATHS DAILY

Clinton, Ind., Nov. 26.—Deaths from influenza continue numerous in coal mining localities around Clinton. Six deaths are reported daily, compared to a normal death rate of two a day.

SCHOOLS ARE CLOSED

Shelbyville, Ind., November 26.—Twenty-five new cases of influenza have been reported since Monday at Fountaintown, a village in the northern part of Shelby county. The town school has been ordered closed.

INDICATE U-BOAT ATTACKED VESSEL

Letters From Men of 139th Field Artillery Describe Last Night Out From England.

CONFIRMED BY THE COLONEL

Letter to His Wife Causes Belief Ship was Torpedoed—Geo. Hogsett Mentions Alarm.

Various stories told by men of the 139th field artillery in letters written back home since their arrival overseas, indicate that the transport which carried the regiment was torpedoed at sea and that the attacking U-boat was destroyed by a British warship, which was conveying the transport.

A letter which Col. Robert L. Moorhead, commander of the regiment, wrote to his wife apparently establishes the fact that the transport was attacked by a German undersea vessel and confirms a letter from Birchad Brundage, of Anderson, chaplain of the 139th, who recently wrote to his wife concerning the voyage.

In addition a letter received yesterday from George Hogsett of the 139th sanitary detachment, describes a U-boat alarm on the vessel the last night out before the regiment reached England, but he did not say that the transport was attacked by a submarine. He declared that the men were all ordered to the life boats, but that before the boats were swung into the water, a signal was sounded that all was clear ahead. The next morning, his letter says, land was sighted the soldiers decided that if any more submarines appeared, they could swim ashore. Private Hogsett's letter was written October 27, five or six days after the regiment had been transported from England to France.

Included in Col. Moorhead's letter was a clipping from an English newspaper telling the story of the fight between the British warship and a submarine which attacked a "merchantmen." Mrs. Moorhead believes the "merchantmen" was the transport that carried the Indiana regiment across.

What leads Mrs. Moorhead to the belief that the description of the submarine fight may have had to do with the ship on which the 139th regiment sailed, was the fact that a passage from one of the letters said:

"Last night on transport full of excitement. Depth bombs, firing." Then he inclosed the clipping from the English paper without comment.

The clipping was as follows:

"Terse, but thrilling, is the account given by the commander of a British warship, acting as escort to a merchantman, of the sinking of a German submarine, which had torpedoed his charge. Late in the afternoon the ship was struck on the starboard side, near No. 2 hold, the hole caused by the explosion measuring 30x16 feet. The nearest escorting vessel at once altered course in the direction from which the attack had been made, and the commander reports the consequences thus:

"The periscope passed down our port side, and just before it reached our stern I gave the order to let go depth charges. The two depth charges went simultaneously. They both appeared to detonate together, and I heard only one explosion, which was a very big one. The submarine disappeared, and the ship was immediately put under full helm to get her back. A few seconds afterward the submarine appeared, bow first, at an angle of about 10 degrees, bow slightly out of the water and cocked up, conning tower just above water, and stern submerged."

"Fire was immediately opened. Ship was headed for the submarine

HELD FOR STEALING TRAPS

Dora Wilbur is Arrested and Stolen Property is Identified

Dora Wilbur was arrested yesterday evening for stealing steel traps on the James Gartin farm northeast of the city, by Policeman Seward and Havens. Eleven traps were found in his possession and were identified by Mr. Gartin. It is reported that he is also suspected of having stolen traps belonging to Ora Hittle.

Wilbur was suspected of being implicated in the theft of some liquor from the Lake Erie station here last spring. The police were looking for him at that time, but he escaped.

LIEUT. M'GUIRE IS EXPECTED HOME SOON

Cablegram Received by Relatives Requests Them Not to Forward Any More Letters

NEAR SOUTH HAMPTON, ENG.

Relatives of Lieutenant William C. McGuire, 472nd Aero Squadron, expected him home by Christmas at least, but a cablegram just received has caused them to believe that he may arrive sooner. The message from England, where he has been stationed since arriving overseas nine months ago, requested that no more letters be written, clearly indicates that he is expecting to sail for the United States very soon.

Lieut. McGuire's squadron is not numbered among those announced by the war department as having sailed from Liverpool last Friday and Saturday, but evidence, in addition to his message, makes certain that his unit will be among the first to arrive in the United States because it has been stated in Washington dispatches that the troops in England will be the first to come home.

Lieut. McGuire is not expected to sail from Liverpool, where the troops now on the way embarked, because he has been stationed near South Hampton, on the southern coast of England.

CHILEAN OFFICIAL TERMED UNPATRIOTIC

Second Vice-President Cardenas Draws Censure Because of Speech Before Congress

HOPES WAR MAY BE AVOIDED

(By United Press.)

Santiago, Chile, Nov. 26.—Second Vice-president Cardenas has been officially censured by the Chilean congress as "unpatriotic" because he made a speech before that body, expressing the hope that the differences with Peru could be settled without war.

A stormy scene resulted when Cardenas made his address. The members rose to their feet in a body and shouted, "Traitor." The meeting broke up in confusion.

The president and first vice-president of congress turned in their resignations because of Cardenas' speech.

Congress reconvened later and immediately passed a resolution declaring Cardenas to be "unpatriotic, and unfit to carry out the duties of his office."

The members also refused to accept the resignation of the president and first vice-president.

WEATHER FOR THE WEEK

Washington, Nov. 26.—Rain is probable by Tuesday or Wednesday; otherwise fair weather; temperatures about normal, except slightly above during the rain period.

MANY PROBLEMS FACING INDIANA

Gov. Goodrich Outlines Gradually Turning Back to Peace Conditions at Conference

OTHER WAR WORK SPEAKERS

Providing The Soldiers With Work After Being Mustered Out, One Topic Discussed

(By United Press.)

Indianapolis, Ind., Nov. 26.—The difficult problems confronting all persons in Indiana, in that task of gradually turning back to peace conditions were briefly outlined by Gov. Goodrich today in opening the conference to map out the Indiana plan for dealing with post-war conditions.

The governor, who issued the call for the conference declared that it was necessary to give the deepest thought and attention to problems now arising as to they would be some of the most difficult which the state has faced in decades.

Among these will be the taking care of the soldiers, who will soon be mustered out, with the work providing jobs for those who have been injured in fighting and the task of keeping the plants, which have been devoting their entire attention to war work, going at full speed on the products of peace.

The governor will probably embody the best ideas brought out at the conference in his message to the legislature in January when he will make recommendations for laws aiding the reconstruction work.

The governor's address was followed by others from leaders in every line of work in the state. Each speaker was limited to five minutes. Among those on the program were: Former Governor Samuel M. Ralston; Charles Fox, president of the Indiana Federation of Labor; W. F. Norris, president of the Indiana Bankers' association; William Lowe Bryan, president of Indiana University; Joseph D. Oliver, South Bend manufacturer; Mrs. Richard Edwards, president of Woman's Franchise league; Mrs. Laura Cox, deputy state factory inspector; Dr. S. A. Furniss, Indianapolis, leader in the activities of the colored people.

"The war is behind us," said Governor Goodrich. "The peace table, with its multitude of vital world problems, is properly the cynosure of all eyes. But while the absorbing world problems are before us, we must not fail to give heed to the immediate and future demands of our domestic affairs. From a nation mobilized for war, we must quickly pass to a nation effectively organized and re-adjusted for peace. The economical and social condition of America, transformed by the demands of war, must now be adjusted speedily to meet the new needs of a nation at peace."

"This transition calls for the alert and vigorous co-operation of all. We have just passed through the patriotism of war, and now stand at the threshold of a new era. The demand is now for the patriotism of peace, the service and sacrifice of all citizens in an endeavor to adjust our affairs to meet new conditions before us."

Governor Goodrich sounded a warning against the present tendency at Washington to retain power centered there for the prosecution of the war. On the other hand, he warned against the renunciation of centralized authority effected for war purposes where it is clearly apparent that this centralized authority may well be used in the era of peace that is to follow the war.

"An all-powerful bureaucratic nationalism can be built only on the ashes of the Republic," said the Governor. "On the other hand, only a most short-sighted and unwise policy would permit the abandonment of the Republic."

Constipation

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

Chamberlain's Tablets

Mrs. Jones Tells How PEPSINCO Helped Her Stomach!

I just suffered everything. Nothing agreed with me at all. A few minutes after eating I had pain, sourness and as a rule would belch bad tasting stuff.

I tried doctors; I tried medicines; all without effect. Pepsinco was recommended. I honestly believe that I can thank Pepsinco for my good health-to-day.

I can eat anything and I am without pain. I would suggest that if there is anything wrong with your stomach, that you go to any drug store and get a small package of Pepsinco.

The above is a testimonial from a party who followed the advice of a friend. Suppose you do the same.

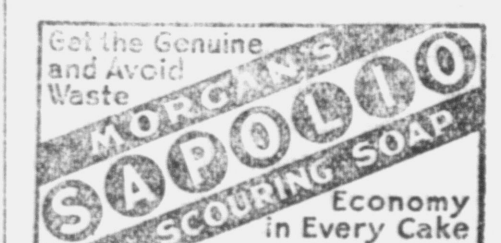

NEED PERMITS TO SHIP THEIR HOGS

Farmers Must Have O. K. of Market Control Committee to Get Cars For Shipments

TO CUT EXCESSIVE SUPPLY

Arrangements to Regulate Market Made Upon Recommendation of Committee Meeting

Every Rush county hog raiser must have a permit signed by the hog control committee before he can ship hogs to the Indianapolis market.

or any other market east of the Mississippi river. This method has been employed to cut out the excessive supply of hogs at practically all markets. Farmers have been selling rapidly since the armistice was signed, because of their fear that the food administration would not be able to maintain present prices.

The arrangements to regulate the shipping of hogs were made upon the recommendation of a committee representing the federal food administration, railroad administration, and live stock markets, which was held at Cincinnati last week.

When a farmer wishes to ship a car load of hogs or a car of mixed live stock, containing hogs, he must first obtain a request for transportation from the railroad agent at the point of origin of the shipment. This request is indorsed and submitted by the agent at the point of origin to the hog control committee at the point to which the prospective shipment is to be made. The hog control committee in turn passes out the permits in the order they are received and as their judgment warrants.

The permit shall in no particular be transferable. It must be utilized by the consignor authorized and for the number of cars specified. If the request is approved by the hog control committee, the numbered application is returned to the railroad agent at the point of origin and he at once notifies the shipper that the permit has been accepted and that the shipment must be made within three days. Shipments moving on permits may not be consigned from one market to another where the permit system is in control unless a new permit is obtained in the prescribed manner.

By this system the judicious marketing of hogs will be accomplished, as the committee will only allow the number of hogs to come through that can be handled and the prices established at different markets can be maintained. Shippers should bear in mind that request for cars cannot be made through the commission merchants. It must be placed with the railroad agents at point of origin.

The fate of the United States food administration's plan to stabilize prices of hogs and protect the producers is entirely in the hands of the men in charge of the farms and feed lots.

The spasmodic glutting of markets with hogs can have only an evil effect and must ultimately result in the accumulation of stale stock, the piling of embargoes or a great sacrifice in prices. Producers and shippers of hogs can render an invaluable service to the food administration

Spanish Influenza can be prevented easier than it can be cured.

At the first sign of a shiver or sneeze, take

Standard, cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red Top with Mr. Hill's picture. At All Drug Stores.

Acid-Stomach Makes Life Miserable For Millions

Dentists tell us that acid mouth causes the eating away of enamel on the teeth, a substance much harder than bone. "Keep the mouth free from acid," they say, "and there will be little or no danger of decayed teeth."

Think of this—you can at once see what an excess amount of acid in the stomach—acid-stomach—means in the way of undermining one's health and strength!

Many people make the awful mistake of thinking that acid-stomach—super-acidity as the doctors call it—merely causes an occasional attack of indigestion, bloat, heartburn, belching, sour, gassy stomach, and similar troubles that can quickly be remedied—and leave no serious after effects. As a matter of fact super-acidity is responsible for a long train of serious ailments. It sometimes creates conditions which baffle the best medical skill. It is a well established fact that most cases of chronic stomach trouble, anemia, stomatitis, gastritis, rheumatism, gout, lumbago, intestinal ulcer, many cases of cancer of the stomach, valvular heart trouble and heart failure find their start in acid-stomach.

The excess acid must be removed. The stomach must be kept pure, sweet and strong, free to digest food properly. That is the only sure way to avoid the evil consequence of acid stomach and to enjoy vigorous, robust health.

A wonderful preparation now makes it possible to quickly remove acid-stomach. It is called EATONIC—a pleasant tasting compound that you eat like candy.

EATONIC literally wipes out the hurtful excess acid and drives the bloat out of the body. You can fairly feel it work. It is absolutely harmless and no matter how weak or delicate the stomach may be, EATONIC will not cause distress.

The immediate effects of EATONIC are nothing short of marvelous. Almost instantly it relieves that miserable, puffed up feeling after eating sour, gassy stomach, heartburn, stops food repeating, etc. Makes the stomach feel sweet, cool and comfortable. Enables you to eat what you like and digest your food in comfort. Aids digestion and helps the digestive organs to get full strength out of every mouthful of food you eat. And that is what you must have in order to be well and strong—full strength from your food.

So we say—don't let an acid-stomach hold you back and wreck your health. Don't drag out your days feeling all in, down and out, weak and ailing, lacking in physical power and energy; listless, nervous, irritable and taking only a half-hearted interest in your work. Keep the vital spark flashing. Let every organ, muscle and nerve of your body function in perfect harmony with a strong, healthy stomach. Eat the things you like but make every mouthful count. Then you'll feel fine—be fit—mentally alert—have pep and punch—the power and will to do things. That's the kind of health that makes life worth living!

Take EATONIC. Then see how much better you feel—instantly! You need this help. And you can get it easily. Your druggist has EATONIC. Get a big box today. It is guaranteed to please you in every way. You have faith in your druggist and you can trust him to make this guarantee good. If EATONIC doesn't please you just take it back and the druggist will refund your money. That is our guarantee.

Within the short space of a year tens of thousands of people all over the United States have used EATONIC. Everywhere they testify to its marvelous power to bring quick relief.

If you are sick and ailing and have tried pills and medicines in vain, don't give up hope of getting well until you have gone directly to the seat of the trouble—the acid-stomach. Don't let another day go by. Get EATONIC at once. If your druggist does not keep EATONIC, write to us and we will send you a big 50c box. You can send us the 50c after you receive it. Address H. L. Kramer, President, Eaton Remedial Company, Cor. Wabash Ave. and 11th St., Chicago, Ill.

tion and also conserve their best interests it is stated, by having the hogs flow into market channels regularly and in normal numbers. "Haste makes waste" and there is positively no occasion to become alarmed concerning the fixing of prices in the future.

The request of the government to avoid the marketing of immature hogs should be religiously observed. The demand for such stock in market is normally very narrow and there is rarely a definite value with relation to prices of other hogs, but besides all this the government requires the product of a matured animal, and it has demonstrated that it is willing to pay a good price for such meat.

HOG MARKET STEADY WITH 2,500 RECEIPTS

The Indianapolis hog market remained steady today with receipts only 2,500, the smallest in many days and 14,500 less than yesterday. The grain market was strong and cattle steady.

CAPTAIN TUCKER IS GASSED

Captain Glen I. Tucker was gassed in action on the west front in France about September 17, according to a letter which his wife, formerly Miss Dorothy Thomas, has just received. Although Captain Tucker insists that he was not badly injured, he says that he was in the hospital for sixteen days before he was able to write. Captain Tucker was commissioned a lieutenant at Fort Benjamin Harrison, was stationed at San Antonio, Texas, before going overseas. He was promoted shortly before he embarked for overseas service. Captain Tucker was formerly of Greencastle and Indianapolis and is well known here. He was being treated in Base Hospital No. 44 when the letter was written.

and I decided to ram. Rammed submarine aft; shock slight and apparently pushed submarine down, for she disappeared again for a few seconds. Submarine then came up again as before and fire was opened with every gun that could bear. Submarine was frequently hit. Smoke was rising from various places in part of submarine above water. Submarine eventually sank stern first. The action lasted just twenty-two minutes. The depth charges completely wrecked submarine, and the gunfire finished her off. Ship stopped and picked up prisoners swimming in the water.
"Meanwhile the master of the torpedoed vessel had examined his bulkhead and engines. He then signaled to the escort that his ship was able to proceed under her own steam. This was accomplished successfully and she reached harbor successfully in due course."

Amusements

W. S. Hart at Princess
William S. Hart in "Blue Blazes Rawden," will be shown tonight at the Princess theatre. It is described as a picture that will glue you to your seat. A Burton Holmes travel picture will also be shown tonight. Wednesday Mae Marsh will appear in "All Woman," the story of a girl who fought for life and won. D. W. Griffith presents for Thursday and Friday, "The Great Love," which pictures the noble sacrifices made by the most distinguished women in the high circles in England. Since the beginning of the great war, England has sent the flower of its nobility to the front and untold thousands have laid down their lives upon the ensanguined battlefields of France and Belgium. At home the women and men have united in the great work of caring for the wounded and in prosecuting the relief activities so essential to the successful conduct of the war.

Mutt and Jeff at Mystic

"The Girl with the Champagne Eyes," a Fox production and Mutt and Jeff in "Hospital Orderlies," are the attractions at the Mystic theater this evening. June Caprice in "The Camouflage Kiss" was advertised for tonight, but the picture failed to arrive. William S. Hart will be at this theater Thursday night in "The Aryan."

Ice skates have been sent to the American soldier in Russia by the Red Cross.

Personal Points

—Louis Smith spent the day in Indianapolis.
—Albert Allen spent the day in Indianapolis.
—Paul George spent the day in Indianapolis on business.
—George C. Wyatt spent the day in Indianapolis on business.
—Walter Pearce was a business visitor in Indianapolis today.
—Judge Will Sparks was a business visitor in Indianapolis today.
—Mr. R. F. Sessler went to Indianapolis this morning on business.
—Mrs. Fred Woods spent the day in Arlington visiting Mrs. Mae Long.
—Donald Smith was a business visitor to Indianapolis this morning.
—Miss Ruth Fleener of Shelbyville was the guest of Mr. and Mrs. Floyd Woods Sunday.
—James Geraghty of Spokane, Wash., is visiting relatives here while enroute from Washington, D. C., to his home.
—Mrs. Charles Willis of Arlington visited her son John A. Willis, who is in training at Fort Thomas, Ky., Sunday and Monday.
—Mr. and Mrs. Bert Moses and Miss Nell Baldwin motored to Greentfield today and Miss Baldwin will remain at her home there to make arrangements to leave for New York to take Y. M. C. A. instruction.

Labrador has an area of 200,000 square miles, but the population is only 4,000.

Bonds Will Rise in Value.

There is every indication that Liberty Loan Bonds, issued during the war, will greatly rise in value with the establishment of peace. In 1888 a \$100 United States bond, bearing 4 per cent interest, sold in the open market for \$130. In 1901 it brought more than \$139. The most conservative will agree that Liberty bonds are sure to go above par in value, now that the Allies have brought the war to a victorious end.

The shrewd and unscrupulous, the birds of prey in finance, realize the worth of Liberty bonds, and are using every effort to secure them from those who are uninformed in finan-

Sap and Salt

By BERT MOSES

None of us is any too good.

The only good that comes from
kicking is the exercise.

The act of spitting on the hands
is not patented. Help yourself!

A little science and a lot of sweat
make a great combination.

A boss is as necessary in promot-
ing good as in promoting evil.

It is a great gift to be able to
distinguish between truth and a
jumble of words.

The dividing line between the
close observer and the rubberneck
has not yet been defined by the La-
dies' Home Journal.

cial matters. Their favorite method
is to offer stock in wildcat compan-
ies—stock that is absolutely value-
less in exchange for Liberty bonds.
Some of these get-rich-quick schem-
ers offer to lend their prospective
victims money, wherewith to buy the
goldbrick stock, taking Liberty
bonds as security. This, of course,
is only a thinly disguised attempt to
obtain Liberty bonds for worthless
stock.

The United States owns some 5,-
000,000 acres of oil lands and 53,-
000,000 acres of coal lands, the title
to which belongs to the Federal Gov-
ernment. Since all owners of Lib-
erty bonds are part owners of this
Government, it would be palpably
foolish of them to exchange their
Liberty bonds for oil or coal stocks
of doubtful value.

Before disposing of his bonds, the
holder thereof would do well to con-
sult a banker. Such consultation
will not prosper the fake stock con-
cerns, but it certainly will prosper
the bond holder.

Memorials for Soldiers

Many plans for remembering the
soldier dead in some substantial way
have been suggested, but none is ex-
pected to meet with any more suc-
cess than the nation-wide movement
started by the American Forestry
association for the planting of mem-
orial trees.

Charles Lathrop Paek, president
of the association has written to ev-
ery governor, asking cooperation.
The plan is to have each state plant
memorial trees along the great
trans-continental motor highways.

P. S. Ridsdale, secretary of the
association, says many towns and
cities have taken up the idea and
the General Federation of Women's
Clubs is considering a similar plan
for the Lincoln highway to be car-
ried out by the state organizations.

"Nothing could be more appropri-
ate" says Mr. Paek, "than to have
each state, through which a
motor highway passes, plant 'victory
oaks' or 'victory elms' of other trees,

for her soldiers who have died in
battle. The motor has played a
mighty part in winning the war.

"Wood has played a big part in
victory too. Out stocks must be re-
plenished. With each state cooper-
ating with the highway authorities,
a living age-long lesson could be
taught the coming generations as to
the beauties and value of forestry.

Christmas—According to Rule.

There is a popular impression
that great national movements and
purposes must originate from and be
directed by Washington.

In most cases national achieve-
ment results from individual effort
made by communities like Rush
county, and multiplied indefinitely.
The nation has been told to mobi-
lize peace industries. Government
restrictions limiting such activities
are being speedily removed, but the
consumption depends entirely on ci-
tizens of places like Rush county.

If manufacturers are to find a
ready outlet for product among
wholesalers the latter must do the
same among retailers. What hap-
pens to the retailers depends on you
and me.

The government's advice regard-
ing Christmas giving was delivered
when the war seemed likely to last a
year. It stands today, but is mod-
ified by the stupendous happenings
of recent days.

If money circulates freely the na-
tion prospers and jobs are plentiful.
We must create this condition before
the boys come home, not afterwards.
Everything must be ready for them.

Let us choose gifts judiciously,
but let us give without stint.

It would be interesting to know
whether a young man whose regim-
ent is disbanded after receiving
one-fourth of its training in an
American cantonment would accu-
rately be described as a soldier or as
a demisemi-soldier.

Holland evidently does not care to
have German gentlemen of high de-
gree elect to reside within it.

The ex-kaiser in Holland is said
to be wearing civilian dress. Another
case of "all dressed up and no
place to go".

When our troops come marching,
home among the wild acclamations
with which we greet them should be
the thunderous question, "Parlez-
vous Francais?"

FOR Y. M. C. A. WORKER

A Red Triangle was added to the
First Presbyterian church's service
flag Sunday for Miss Nelle Baldwin,
who leaves soon for Barnard college,
New York, to prepare for Y. M. C.
A. overseas service. This makes 53
emblems on the flag, there being two
Red Crosses, three gold stars and
47 stars for men in the service.

HOOSIER WOUNDED

Ottawa, Ontario, Nov. 25.—The
Canadian overseas casualty list to-
day includes the name of C. Hasty,
Newport, Ind., wounded.

Let Us Be Thankful

The land of America has brought forth abundantly during
the year that is past the fruits of its soil, the ore from its
mines, and the timber of its forests.

Man, imbued with the spirit of God and of righteousness,
has decreed that there shall be provided the implements
of war and the food and clothing with which to defeat
militarism and to sustain humanity.

Our men have been the victors in war. The cause of free-
dom and democracy has been triumphant over militarism
and autocracy.

After four years of carnage, bloodshed and unspeakable horror the peace of God begins
to break forth, and the whole world has cause for Thanksgiving. The day is not for
us alone, but of all nations and all peoples we have cause to be most thankful. The rav-
ages of war have not reached our borders. The unspeakable horrors that have destroyed
whole nations of men, women and children have not been committed upon our people.
Hunger and famine have not stalked through our land.

We have been most blessed. On this festal day we raise our voices to Him in praise and
thanksgiving for the bounteous harvest with which we may provide our needs and save a
starving world.

Truly the ancient prophet spake when he declared: "And this land shall be a land of
liberty unto my people. There shall be no kings upon the land. I will fortify it against
all other nations, and he that fighteth against Zion shall perish, saith God."

America, the land of liberty, where the peace of God reigns supreme, where freedom of
thought and speech and life is bestowed upon all mankind, where the bounties of heaven
have been poured in abundance to be shared with a starving, unfortunate world—America
this is our home.

We thank Thee, O God, for this land, and for the liberty that has been vouchsafed unto
us. For it we will sacrifice our lives, our liberty, our sacred honor that its symbol, the
flag, shall forever be untrampled and unstained.

RUSHVILLE, INDIANA

CLEARLY DESCRIBES
HOW HE WAS WOUNDEDCorp. Jerome Caron Tells How he
Finally Saved His Life by Crawl-
ing Behind Tree

FIRST AID FROM A GERMAN

Corporal Jerome Caron, Co. K,
30th regiment, who is now in a hospi-
tal at Newport News, graphically
describes how he was wounded on
October 10, in a letter received by
Jacob Myers, which is as follows:

I got my wound when we went
over the top by a machine gun. We
started over the top and had drop-
ped down on our stomach to dim-
inish the machine gun fire. The first
shot hit by my cheek. He was too
low, I said to the fellow next to me,
he's coming closer, and laughed. I
had a slight pack on my back and
the next one hit my mess kit and
before I knew it, he had plugged me
in the right hip, and it felt like a
one pounder. I told the next one in
command to take the squad as I
was hit. I crawled in a shell hole.
Our wave advanced but some one
had seen me go into the shell hole
and every time I would move he
would pour the lead around the brim.
I took the lumps of dirt and made a
wall on the three sides to protect me.
Just then a shell covered me with
dirt and I thought that I was a gon-
er. I knew that I would soon have
to go to the first aid. Just then a
shell lit close by and made a lot of
smoke so I then took my chance to
get over to the road. The road was
covered by machine gun fire and he
opened up. Therefore, I found it
impossible to cross. Farther up the
road they had chopped down a tree
to delay advance, which was a good
protection for me and I crawled
across behind it. I met two of our
boys bringing a number of prison-
ers in while I was putting on one of
my first aid bandages, and was hav-
ing a great deal of trouble in mak-
ing it stick, so a Hun put it on for
me. I never bled very much. At
last I arrived back to a first aid
hospital.

NO LIMIT TO STORING COAL

Washington, Nov. 26.—Regula-
tions limiting the amount of bitu-
minous coal stored by consumers
were lifted today by Fuel Adminis-
trator Garfield in conformity with
the cancellation by the war indus-
tries board of its preference list.
Any industry or domestic consumer
may now store all the bituminous
coal desired.

WALTER M'DANIEL IS
HURT BY GERMAN BOMBPortions of His Leg Amputated
Twice Because Gangrene
Developed

SIX SHARP SHOOTERS KILLED

Walter McDaniel writes his un-
cle, Al McDaniel of Carthage, that
he has almost recovered at the Wal-
ter Reed Hospital, Washington, D. C.
and that he has had to have a por-
tions of his leg cut off twice, since
it was amputated, because gangrene
set in. Private McDaniel together
with a squad of six sharp shooters,
which he was leading, was behind a
boulder, when a german bomb was
hurled at them, killing all but him-
self, and his life was saved only by
tying his shoe strings tightly above
the knee to stop the flow of blood.
When rescued twenty-one hours af-
ter being wounded, he was uncon-
scious from the loss of blood and his
leg had taken up gas poison, which
made the wound more serious.

Private McDaniel said he got one
Hun just as he got his big gun
ready to fire and threw bomb among
them numerous times. He said it
was nasty business but it had to be
done.

He was much pleased by a letter
from Senator James E. Watson, who
learned of his injuries and address
through the Daily Republican. He
had expected to spend Thanksgiving
at home but owing to conditions will
probably not be home until near
Christmas.

MAY ENTER PURDUE NOW

Former Students Will be Able to
Make Full Year's Credits

(By United Press.)

Lafayette, Nov. 26.—Former stu-
dents of Purdue university who are
to be released from military service,
who left college this fall upon fail-
ure to get into the students army
training corps, or naval reserve or
who have not come back this year
on account of the probability of be-
ing called for service, may enter the
university now and by the end of
the school year have credit for a
full year's work.

This announcement was made by
Dr. W. E. Stone, president of the un-
iversity. Some of the back work will
be waived while arrangements will
be made to make up some of it.
Special attention will be given to
aid those students entering late.

15 EGGS A DAY FROM
23 HENS, IN WINTERMr. Duni's Hens Hadn't Laid All
Winter, Until He Tried This Plan.

"We have 23 chickens and hadn't
had an egg all winter. In five days
after feeding Don Sung, we got four
to five eggs a day; in three weeks,
we were getting 10 to 12 eggs a day;
in five weeks we got 15 to 19 eggs a
day."—John Duni, Box 102, Cherry
Valley, Pa.

Mr. Duni started giving his hens
Don Sung last January in zero
weather. He now keeps his hens
busy in cold weather, when hens usu-
ally stop laying. A trial costs
nothing. Here's our offer:

Give your hens Don Sung and
watch results for one month. If you
don't find that Don Sung pays for it-
self and pays you a good profit be-
sides, simply tell us and your money
will be refunded.

Don Sung (Chinese for egg-laying)
works directly on the egg-laying or-
gans, and is also a splendid tonic.
It is easily given in the feed, im-
proves the hen's health, makes her
stronger and more active in any
weather, and starts her laying.

Try Don Sung for 30 days and if
it doesn't get you the eggs, no matter
how cold or wet the weather, your
money will be promptly refunded.
Call at our store today for a 50c or
\$1.00 package.

DAILY REPUBLICAN

MEDICAL TRAINING CAMP WORK GOES ON

Lt. F. H. Finlaw, Formerly of Arlington, Says Armistice Does Not Affect Activities.

MEDICAL CORPS IS NEEDED

Lieutenant Fred H. Finlaw, adjutant of the first battalion at the medical officers training school at Camp Greenleaf, Georgia, says in a letter received here that the work in camp has not slackened one bit since

the armistice was signed, because it is just as essential that there should be a great army of medical officers as there was before hostilities ceased.

Lieutenant Finlaw, who was formerly a physician at Arlington, says that the reconstruction work, which will be required, will to a great extent devolve on the medical personnel of the army. In view of the fact, he adds, that the American army is the greatest on earth and its medical corps the most efficient, the allied countries are looking to America to do the bulk of the work. Lieutenant Finlaw says he hopes to return to Rush county some day in the near future.

MANY CASES TAKEN OFF THE DOCKET

Several Civil Suits Are Dismissed in Circuit Court and Judgments Rendered in Others

YOUNGER DIVORCE IS GRANTED

Ora B. Lacey Appointed Receiver For George E. Lacey, Alleged to Have Abandoned His Family

Many cases have been taken off the circuit court docket the last few days through dismissals and judgments being returned.

A divorce has been granted to Mrs. Carrie Younger from her husband, Charles Younger, on payment of costs. The evidence was heard a few days ago and taken under advisement by Judge Sparks. Mrs. Younger was also granted the custody of their minor child and \$10 a week for the child's support.

The case of Phoebe Phillips against Lesner H. Allender on an account and note, for \$700, has been dismissed and the costs paid by the plaintiff. Similar action has been taken in the following cases:

George Helm against Jefferson H. Claypool and others, for a partition and to sell real estate; Roy S. Breeding against Harter B. Bebout, for a partition of real estate; Unit-type company vs A. C. Arceley and Dewey Hagen, for \$500 on notes and an account.

Ora B. Lacey has been appointed receiver for George E. Lacey of near Charlottesville, who is alleged in a suit by his wife for a receiver and support, to have abandoned his family and to have left his crops in such a condition that they need care to prevent a loss.

Two claims against the estate of Joseph Murphy, of which H. Edward Gantner is the administrator, have been allowed by the court—one in favor of Anna C. Wingerter for \$102.65 and George C. Wyatt and company for \$62.

The objections to the probating of the will of Hypatia Marshall, filed by Minnie F. Talbott against Sanford N. Marshall, have been dismissed and the costs paid. The case of the Pinnell-Tompkins Lumber company against Albert and Arzula Curry for possession, has been sent to Henry county on a change of venue.

In six cases the defendants defaulted and the findings and judgments for the plaintiff in each case were returned by the court as follows:

Fidelity Phoenix Insurance company against James Kratzer, \$50 and costs; Frank Wilson against Fred Dagler, on principal and interest, \$69.31; Standard Oil company against Samuel H. Colter, \$70.95 on an account; Richard Farlow against Daisy Willard and Harry Colter, \$387.94, on principle and interest on a note, and an account; Martin Kelly against Fred H. and Clayton B. Dagler, principal and interest on a note for \$479.07; John A. Ryan against Samuel H. and Willard Colter, for principle and interest on an account for \$200.

DEMOBLIZATION PLANS ARE MADE

Civilian Relief Committee Expected
Ready to Meet Emergencies
Which May Arise

SOLDIERS GET FULL PAY

In Addition They Receive Three and
One Half Cents Per Mile Travel
Allowance

George C. Wyatt, chairman of the Red Cross civilian relief committee, has received a letter from Lake division headquarters at Cleveland, Ohio, regarding government demobilization plans and the part of the Red Cross in them. The civilian relief committee is expected to be ready to meet any emergency which may arise through the transfer of soldiers from training camps to their home, according to the instructions, which are as follows:

1. All camps will begin demobilizing as soon as medical examination discharge papers are delivered at the camps and the railroads can handle the volume of men.

2. Each discharged man will receive full pay to the date of his discharge and in addition, three and one half cents per mile travel allowance. At each camp there will be for sale non-transferable railroad tickets at two thirds regular coach rate. The tickets can be purchased only at the camps and are good from camp to home or point of induction. They will cost approximately two cents a mile leaving about one and a half cents a mile for expenses enroute.

3. Discharged soldiers who become stranded on their way are the responsibility of Home Service in so far as they are a Red Cross responsibility. Camp Service Field Directors and Canteen workers have been directed to render any emergency aid necessary except loans of money which should be handled by local Home Service Sections. It is probable that in the larger cities and junction points where great numbers of soldiers are apt to congregate enroute home, special representatives of the Division Bureau of Civilian Relief may be stationed in the Home Service Sections or separate office as special circumstances require. Discharged soldiers in their home community should deal directly with the Home Service Section. Non-residents stranded in communities in which no special representative of the Division office has been placed must be dealt with by a responsible officer of the local Home Service Section.

4. Each case must be treated on its own merits and regular case work methods must be used in determining when transportation should be provided. Money advanced for transportation will be refunded by the Division providing the division bureau of civilian relief is notified in advance of the proposed expenditure and approves it.

Attention Housewives!

WHY NOT BUY BEST FLOUR WHEN BUYING FLOUR?
THE BEST IS NO MORE

SIX GOOD REASONS WHY WE RECOMMEND

Washburn Crosby Gold Medal Flour

- First—Scientific milling more than ever before plays a most important part in making a perfect flour.
Second—Gold Medal Flour has always been conceded as the highest quality flour it is possible to produce.
Third—The milling restrictions of the Food Administration now put a big premium on successful scientific milling and the difference between Gold Medal Flour and ordinary flours is more than ever apparent.
Fourth—Only Best Wheat in United States used.
Fifth—Every grain used is washed and cleaned, thus assuring a pure, wholesome flour.
Sixth—Milled by largest and best mills in United States, under careful instructions from their own Scientific Laboratories and Bakery.

DON'T TAKE OUR WORD, BUT

Order Bag of Gold Medal Flour Today and
See for Yourself the Goodness it Contains.

If your grocer can not supply you, call us. Do not take some other brand that is supposed to be as good.

Remember Quality of Gold Medal Flour Never Varies.

AMERICAN MEN
AND WOMEN IN
FIGHTING TRIM

They Keep To The Top
Notch of Health

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down and are quick to take advantage of Nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you; work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no sense in anyone being a victim of ill health, poor blood, over work, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder, and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, no "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets. Insist on capsules.

Mr. and Mrs. Will Goddard entertained Sunday with a noon-day dinner at their country home, Mrs. May Lower and children, Cecil and Laverne and Donald Criesse.

Mr. and Mrs. James H. Duffy entertained with a dinner party last Thursday in honor of the Rev. M. J. Ripple, the Dominican missionary, the Rev. M. W. Lyons and Wallace Morgan.

The members of the Band of Workers of the First Presbyterian church will not meet tomorrow afternoon, but will have their meeting on December 11, at the home of Mrs. A. L. Chew, with Mrs. Hugo Schmalzel as assisting hostess.

On Thanksgiving eve a dinner and an euchre party will be given at the Social club for the members and their families. It is requested that

OUR
BIG

JUBILANT SALE

is offering exceptional values, and is meeting with such success as could only obtain when backed by out-of-the-ordinary concessions. Be among those to secure their share of these special prices.

HANDSOME COATS—Every coat in our stock (and there are hundreds of them) has been reduced. At these abbreviated prices they are going fast. Get yours tomorrow.

HIGH QUALITY SUITS—Suits formerly \$20.00 to \$95.00 are now \$14.95 to \$65.00. Such values do not go begging. This is a splendid opportunity to secure a good year-around suit.

DRESSES—All dresses, both cloth and silk, enter into this economical event. We are proud of our showing, and know you will admire them. Especially noteworthy are the groups at \$10.00 and \$15.00.

SKIRTS—25 Skirts taken from our regular stocks, \$7.50 to \$10.00 values, this sale at \$5.95.

Sweaters

The biggest stock of sweaters in the city is offering many reduced prices. Ladies' misses' and children will be surprised at these values.

Rugs

Special prices advertised on rugs during this sale will save you money on every purchase. What would make a nicer Christmas present than a good rug.

Shoes

The shoe department is showing many bargains this week. Men, women and children will find this a splendid time to fit their feet.

STATUE OF RILEY

IS UNVEILED TODAY

Model Designed by Myral Reynolds
Richards of Indianapolis—Completed Week Before His Death

CEREMONY AT GREENFIELD

(By United Press.)

Greenfield, Nov. 26.—The city today honored the memory of James Whitcomb Riley with the unveiling of a statue of him in the presence of hundreds of his friends and admirers. The Hoosier poet was born in this city.

The statue is the work of Myral Reynolds Richards of Indianapolis. The model was completed only a week before his death.

The fund for the work was procured largely through the efforts of Boemer Davis of this city. Davis sold small busts of Riley throughout this country and in some foreign countries, along with pictures of the "Ole Swamin' Hole" and other places mentioned in Riley's poetry. A part of the proceeds was set aside for the statue until sufficient amount was procured to insure completion of the memorial.

The statue stands on the courthouse square resting on a pedestal of Quincy granite about five feet in height.

DEATHS IN NAVY 1,233

Washington, Nov. 26.—Total deaths in the navy from all war causes was 1,233, Surgeon General Braisted told the house naval affairs committee today.

Now You Can Build

The Government has lifted the ban on building and you can begin immediately.

Dont Wait

The sooner you begin the better, for while we have a good stock of lumber and building materials on hand, there will be a great demand now that peace has been declared.

No matter what you're going to build—Come in and see us first.

Capitol Lumber Co.

TURKEY RARE BIRD
THIS THANKSGIVING

Scarcity and High Price Combined
Are Enough to Make People
Turn to Chicken

IMMATURE BIRDS ARE HELD

Turkey is a Thanksgiving bird, but indications are that it will not be as common on the dining tables of Rush county homes Thursday as usual because the price is extremely high and the supply is short. Turkeys dressed are retailing at 45 cents a pound, which is as high as they ever were, within the recollection of anyone. Farmers are quoted a price of 29 cents a pound on foot, but not as many are being sold because many raisers have followed the advice of the food administration and are not placing immature birds on the market. This practice is liable to result in a much larger supply for the Christmas market.

Chickens and ducks are plentiful and will probably head the Thanksgiving menu in most homes. Chickens are retailing for 25 cents on foot and from 32 to 33 cents dressed.

Although the price of turkey is much higher this year, other things which are necessary to make a "turkey day" dinner complete will not cost much in excess of last year. Cranberries are plentiful and of good quality, grocers say, and are selling for from twelve to fifteen cents a pound.

Of the men now sitting in the United States senate twenty-six have served as Governors of their respective states.

Victory Sale!

Announced in last week's papers is now in full swing at Boxley's Piano Store and has brought many people to this store for purpose of selecting and buying early.

The astonishing low prices at which these beautiful Player-Pianos and Phonographs are being sold in this sale is attracting buyers. The sale prices are far below the regular established Prices on these goods—made possible only by our large January and February purchases. As stated in our ad last week this stock of instruments were bought from the manufacturers just before the raise in price.

You can save from \$50.00 to \$110.00 on a new piano or player piano out of our present stock. This sale means money to you if on the market for a musical instrument. We have many styles and finishes in following high-grade makes: "Kimball"—"Cecilian"—"Victor"—"Farrand"—"Hinze"—all at marked down sale prices.

Also the following used pianos taken in exchange—at great bargain prices: (1) "Starr," (3) "Jessie French," (1) "Chase" (1) "Shaff Bros.," (1) "Harvard"—and (14) Parlor Organs—included at prices from \$5.00 up to \$25.00.

Save from \$10.00 up to \$35.00 on a new phonograph in this sale. Some of the most beautiful models ever shown here—all finishes—and all standard makes. Remember standard makes are sold everywhere at one fixed price. This sale means real money saved to you. Don't hesitate to come in—let us play these instruments for you. See the prices for yourself. This is our regular line of phonographs: "Brunswick"—"Kimball"—"Columbia Grafonolas"—"Pathephones"—These are all phonographs of high standing and guaranteed.

OUR STORE IS FILLED WITH GREAT BARGAINS FOR YOU. BUY NOW AT VICTORY SALE PRICES—
FOR CASH OR ON OUR LIBERAL TERMS. WE WILL DELIVER ANY TIME YOU WISH.

MANY PROBLEMS FACING INDIANA

Continued from Page One

ment or discarding of Federal authority assumed for war purposes, which is well suited to the peace needs of the nation and would operate for the positive and general welfare of all the people. The pendulum is swinging away from existing centralization of power, but it should not be permitted to swing to an extreme which would permit the obvious and permanent benefits of war forced experimentation to be lost.

Governor Goodrich expressed the opinion the absorption of men from the training camps and army soon to be demobilized is not a serious problem. He declared emphatically that the national army should be demobilized at once. He pointed out the accumulated demands for construction work of all kinds in the rehabilitation of enterprises which have lagged during the war period. The Governor suggested the appointment of a state commission on reconstruction and re-adjustment to serve without pay and which would be authorized to investigate all matters considered important at this time. He said a definite program ought to be worked out prior to the meeting of the Legislature so that if legislation is necessary it can be presented.

MADE ON THE FARM

MADE BY A FARMER

THE ACME LINE was thoroughly tested on my own stock and on my farm before it was offered to the public. It is the results of 21 years of experience with digesters, conditioners, tonics, worm expellers, louse killers and a realization of the Live Stock needs, from my experience as an Importer, Exhibitor, and breeder of registered stock. My factory and office is located on my farm, between Gretna and Wheaton, Ill.

is the purpose of the company to up-
hold in every way the request of the

Stop the "Snuffles"

If you want to make your distressed
babies easy and comfortable, give
Foley's Honey and Tar.

It is just what they ought to have for
feverish colds, coughs, "snuffles," and
wheezy breathing. It stops croup, too.

Foley's Honey and Tar tastes good
and the little ones like it. It contains
no morphine, chloroform or other drug
that you wouldn't like to give to young
children. Do not accept a substitute.

Mrs. B. H. Garrett, Schoolfield, Va., writes:
"My baby was stricken with a severe cough and
cold at one month old. I gave him ten to fifteen
drops of Foley's Honey and Tar every three
hours and it surely did help him. He hasn't
been sick a day since."

Council of Defense that Christmas
express shipments be started on
their way by December 5.

A concerted effort will be made in
every city and town of the country
by the 125,000 express employees, to
emphasize the importance of pre-
venting any possible congestion of
transportation facilities during these
critical times. Although the express
facilities are very elastic, so much
of the equipment is now used for
strictly war purposes, that all gift
shipments for long distance travel
should be delivered to the express
company not later than December
5th, and for short hauls not later
than December 10th. This will al-
low ample time for sorting and de-
livering before Christmas Day.

"We wish to emphasize strongly",
said Mr. Elliott, "the point raised
by the Council of National Defense,
that nothing should be forwarded,
which will interfere with essential
war business. Just now the move-
ment of equipment and supplies for
the Over Seas Forces is heavy and
exact, and there should be no
domestic burden placed upon trans-
portation, which would tend to less-
en the delivery of war shipments".

"Also during the winter months
there is a tremendous movement of
foodstuffs to all of the larger cities.
These foodstuffs are perishable and
next to war shipments must be given
first consideration."

"We are asking our men every-
where to bring these points before
our patrons, and to emphasize more
strongly than ever the vital import-
ance of proper packing and legible
marking. We are asking them to re-
fuse all shipments which are not
their destination with ordinary hand-
ling, and to insist that the address
of the sender and of the consignee
be placed on a card and enclosed in-
side the package."

STATE TEXT BOOKS WILL BE EXAMINED

School Officials to Determine Wheth-
er or Not There Are Any Pro-
German Passages

COMMITTEE WILL BE NAMED

Indianapolis, Ind., Nov. 26.—All
text books in use in Indiana schools
will be subjected to a critical ex-
amination to determine whether or
not there are any pro-German pas-
sages which should be eliminated.

A committee for this purpose will
probably be named at the next meet-
ing of the state board of educa-
tion. This action will be taken fol-
lowing complaints against several
books now in use which are alleged
to contain passages glorifying the
Germans.

Two which have been mentioned
especially in this connection are the
high school. Geography by Charles
R. Dyer, acting dean of the depart-
ment of geography and geology of
the Indiana normal school and Fite's
American history, published by Hen-
ry Holt & Co. The latter book is
now being investigated by a special
commission consisting of W. L.
Bryant, president of Indiana univer-
sity; H. G. Brown, superintendent
of schools at Lebanon, and L. P.
Benzet, superintendent of Evans-
ville schools.

22,500 BOYS ARE ENROLLED

Ready to Engage in Productive
Work, Isaac D. Straus Reports.

During the year of activity of the
United States Boys' Working Re-
serve in Indiana, a total of 22,500
patriotic boys between the ages of 16
and 21 have enrolled for productive
work, directed toward helping to win
the war. This figure was reported to
the Indiana State Council of De-
fense, by Isaac D. Straus, federal
state director of the reserve. Mr.
Straus stated that of these boys
6,195 had reported the nature of the
services they had rendered, in keep-
ing with their pledge, and 427 are
now in the military or naval service
of the United States.

POSTOFFICE TO CLOSE

The postoffice will close at 10 a.
m. Thursday, Thanksgiving day, and
the usual holiday hours will be ob-
served. There will be no delivery on
the rural routes and only one de-
livery on the city routes.

AD BAN ON WHEAT FLOUR IS LIFTED

Decided Rule Requiring Making of
Only One Grade of Flour Will be
Continued

GLUTEN FLOUR PERMITTED

Millers may Purchase Farmer's
Wheat at a Fair Price With Fed-
eral Guarantee

With the removal of other restric-
tions relative to the manufacture,
distribution and consumption of
wheat flour, the United States Food
administration today announced the
removal of the ban against adver-
tising wheat flour or its products.

Dr. Harry E. Barnard, federal
food administrator for Indiana, re-
ceived directions from the federal
food administration in Washington,
that all censorship has been removed
from the advertising of wheat flour
and dealers are to be advised ac-
cordingly. The result of this order
is expected to release for publica-
tion an immense amount of publicity
which heretofore has been frowned
upon by the food administration.

Current fair price schedules on
flour and feed, will be continued
without change in either commodity,
the rain Corporation announces. It
has also been decided that the rule
requiring the making of only one
grade of flour will be continued for
the present. The manufacture of
Gluten flour is now permitted, and
mills may make self-rising flour with-
out securing a permit.

This means that the miller may
purchase the farmer's wheat at a
fair price, in accordance with the
federal guarantee, and sell the flour
extracted there from at a price not
to exceed fifty cents per barrel
above his published fair price list,
in car lots.

THE MIGHTY ARE FALLEN

Amsterdam, Nov. 26.—Two hun-
dred and seventy-eight persons have
been affected by the dethronement
or abdication of ruling houses in
Germany, according to the Zeitung
am Mittag, of Berlin. Of this num-
ber, thirty-three were of the royal
Prussian house and thirty-nine of
the Bavarian reigning family.

DARTING, PIERCING SCIATIC PAINS

Give way before the pene-
trating effects of Sloan's
Liniment

So do those rheumatic twinges and
the loin-aches of lumbago, the nerve-
inflammation of neuritis, the wry neck,
the joint wrench, the ligament sprain,
the muscle strain, and the throbbing
bruise.

The ease of applying, the quickness
of relief, the positive results, the clean-
liness, and the economy of Sloan's
Liniment make it universally preferred.

Sloan's
Liniment
Kills Pain

30c, 60c, \$1.20

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a
wagon and some other things. He cannot raise a crop without
a plow, but he can raise a crop, such as it is, without a manure
spreader.

All farmers buy plows, cultivators and wagons because they
have to, just as the small boy goes to school because he is com-
pelled to.

When a boy grows big so he knows the value of schooling,
he goes because he wants to. When a farmer grows big to know
the value of a manure spreader and how many more bushels it
will make each of his acres produce, he buys it, not because he
is compelled to, but because he knows it is the best money-maker
he can put on his farm.

If our country demands more food, if we must feed besides
the people of our own United States, many of the peoples of the
belligerent countries, our duty is plain—we must make every
acre produce to its limit. There is no machine that will increase
the otherwise normal output of any acre of ground as much as
the manure spreader. There is no machine made today that will
INCREASE the food production of this country as will the
spreader. There is no manure spreader made that will come nearer
the ideal or perfect machine than the RUSHVILLE SPECIAL
Spreader you will find on our sample floor. Come in and see it.

ADMISSION—COUPLE, 75c; LADIES (Unaccompanied), 10c

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as
well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—
absolutely storm-tight from windshield to rear window—brilliantly
lighted limousine.

For the Ford driver who has considered winter driving a hard-
ship rather than a pleasure, this patented all-weather top will be
most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or
blinding snowstorms. The weatherproof top becomes an integral
part of your Ford at a very reasonable cost.

Wm. E. Bowen Garage
306 N. Main St.

Walls Do Not a Prison Make

Nor do clothes make the man—they add materially to his
personal appearance. Part of our business is devoted to
help make old clothes look like new. Dry cleaning and
pressing in its broadest sense will be found here. Ladies'
garments particularly cleansed.

If the problem before you is for the dry cleaner, you
should keep us in mind. Our delivery is at your service.

Phone 1154—not our phone, but yours.

Think twice before you throw them away.

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All Advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same Ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

NOTICE TO NON-RESIDENT

The State of Indiana, Rush County, In the Rush Circuit Court, November Term, 1918.

Ora L. Lacey vs. George Emery Lacey. Complaint No. 1712.

Now comes the plaintiff, by Thomas E. Glascock, attorney, and files her complaint herein together with an affidavit, that the residence of the defendant, George Emery Lacey is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless he be and appear on Saturday, the 18th day of January, A. D. 1919, at the court house in Rushville, in said county and State, and answer or demur to said complaint, the same will be heard and determined in his absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said Court, at Rushville, this 23d day of November, A. D. 1918.

GEO. B. MOORE, JR., Clerk. Nov26-Dec3-10-17

Mauzy.

The Ben Davis missionary society meets with Mrs. Claude Hunt Thursday, December 5.

Mrs. Sarah Waller, of Knights-town, is spending the week with her mother, Mrs. Alice Arnold.

Mrs. Frona Cain of Connorsville, visited Mr. and Mrs. W. B. Morris, Sunday.

TWO INDIANA SOLDIERS DIE

Camp Zachary Taylor, Louisville, Nov. 25.—George W. Gratner of Rensselaer, Ind., and William Murry of Blanford, are dead here of pneumonia.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

BODIES TO BE SENT BACK FOR BURIAL CHECKING UP CORN GROWERS CONTEST

Rush County Soldiers Who Gave Life For Their Country Will be Buried Here

SOME PARENTS OBJECTING

Prefer to Have Body Lie Undisturbed Where it Fell—Government Plans Are Made

The bodies of all Rush county soldiers buried in France will be returned to this county, according to the plans of the war department which have been worked out. The parents of some American soldiers, who have given their lives for their country, have objected to the removal of the bodies, Col. Roosevelt being among them, but it is not expected that there will be any objections by Rush county parents whose sons have fallen in France.

As General March, chief of staff, pointed out in his letter to Mr. Roosevelt the other day, this policy of bringing back bodies is of long standing. It was started in the days of the Spanish war and the Philippine insurrection and was followed during the trouble with Mexico. The policy was adopted in response to a very widespread demand on the part of relatives of the dead soldiers.

So far the casualty reports, as announced have shown nearly 30,

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold, or catarrh, disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

One Thousand Contestants Were Entered in the Spring But 300 Dropped Out.

FARMERS ARE THE JUDGES

Prizes Consist of Gold Medals for Those Growing More Than 100 Bushels to the Acre.

Lafayette, Ind., Nov. 26.—Work of checking up the results of the classic of the Indiana corn growers association, was nearly completed today. Ten Indiana farmers are the judges. One thousand contestants were entered in the spring but 300 dropped out.

The contest, held under the direction of the corn growers' association, is designed to demonstrate to farmers just what the cost of production is, in proportion to the yield.

It has been demonstrated, according to R. S. Thomas of Purdue university, who is in charge of the contest, that the cost of producing corn which will yield seventy-five bushels to the acre is much less than where the yield is only half as much.

In the county contest, the five acre tract will be scored seventy per cent on yield and thirty per cent on cost of production while in the state contest the yield alone will be taken into consideration.

The contest was first started as a food production project. The number of entries this year is almost double that of last season. The judges are: L. L. Adamson, Williams; J. S. Helms, Richmond; R. L. Thompson, Topeka; C. E. Troyer, LaFontaine; George Kerlin, Franklin; S. W. Taylor, Boonville; E. C. Martindale, Wilkinson; Ernest Thornburg, Shelbyville, and Grant Johnson, Dale.

Prizes consist of gold medals to those growing more than 100 bushels to the acre; silver to those growing between 85 and 100 and bronze for seventy-five to eighty-five bushels.

FOR CAPTIVES IN GERMANY

Mail Should be Addressed to Old Company and Regiment

Washington, Nov. 26.—Letters to American soldiers who were prisoners in Germany when the armistice was signed should be addressed to the company and regiment with which they served before their capture, the war department has announced. The words "formerly prisoner of war in Germany" should be written in the left hand corner of the envelope.

Christmas packages may be sent to men who were prisoners after coupons to be attached to the parcels are obtained by the nearest relatives of the men from any local chapter of the Red Cross.

000 deaths in France. The adjutant-general's office has not been advised by General Pershing as to how many casualties are yet to come through.

Plans for bringing back the dead have already been worked out. It was important, of course, first of all to keep track of the burial places of the men who gave up their lives. A commission has charge of this work, and the war department officials say they understand that identification markers have been placed over nearly all the graves. It was inevitable, say the officials, that the commission could not locate all the dead and in some instances it has been impossible to put up markers with the name.

The "unknown" will be brought back with others and buried in Arlington cemetery in Washington. At this time the war department is unable to say how soon the dead will be brought back. Officials say that the bodies will be transported as soon as possible after the peace treaty is signed. The tentative arrangement is that a representative of the government shall accompany each body to its destination in the United States and see that it is turned over to relatives for home burial.

Two hundred and nine years ago the province of New York put a closed season upon deer, partridge, quail, wild turkeys and heath hens.

MRS. FLORENCE AUSTIN CHASE

MRS. FLORENCE AUSTIN CHASE GIVES ADVICE TO HOUSEWIVES

One of America's Foremost Authorities on Scientific Cooking and Pure Foods

Thousands of women are daily guided in their cooking by the advice and suggestions of this most eminent authority. Mrs. Chase has shown those housewives how to materially reduce the high cost of living and secure better results in every branch of cooking—she has given them the benefit of her scientific methods—she has shown them how to avoid impure foods.

A graduate of the University of Chicago—a domestic science lecturer of national fame—she knows which is best through exhaustive experiments and the constant study of scientific cooking and pure foods.

One of the subjects nearest her heart—one which she has given endless study—one which she considers of vital importance—is baking and baking powders. In a recent interview Mrs. Chase said:

"I use Calumet Baking Powder because I find it absolutely dependable and uniform, and because it has more leavening strength than most baking powders. Like every other domestic science lecturer, I am interested in reducing the high cost of living and am interested in Calumet, because it is sold at a moderate price.

"The wholesomeness of the ingredients which are used in the manufacture of Calumet is attested by the Keenan Referee Board, appointed by the President of the United States and also by the medical profession.

"In my work on the lecture platform, I must use a baking powder which is wholesome beyond question and which is absolutely dependable, and Calumet meets all my requirements."

An endorsement by Mrs. Chase of any particular product is without dispute absolute proof that that brand is superior to all.

She has found through tests, as you will find the first time you use Calumet, that Calumet is the one baking powder that absolutely insures uniform results—that its wonderful leavening strength produces the lightest, most healthful, tastiest bakings—that its wholesomeness makes all bakings nourishing and delicious. She has found that Calumet is pure in the can and pure in the baking—her tests prove conclusively, as do those of millions of housewives who always use Calumet, that it goes farther than other baking powders. If you now judge baking powder according to price, you are making a vital mistake. Get a can of Calumet at once on the money-back guarantee—test it every way—bake everything with it. If it does not beat your present favorite brand in every way, your grocer is authorized to refund your money—you risk absolutely nothing. Begin now to enjoy real bakings—to save money. Remember, Calumet it used by millions of housewives and domestic science teachers everywhere.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

PUBLIC SALE

...OF...

Household Goods

I, the undersigned, will make a closing out sale at public auction of all my household goods at my residence, 1015 N. Morgan St. on

SATURDAY, NOVEMBER 30, 1918.

SALE TO COMMENCE AT 1:00 O'CLOCK

I solid walnut bed room suit, 1 iron bed, 1 dining table, 1 set of dining chairs, 1 davenport, 5 rocking chairs, 1 stand, 2 pedestals, 3 rugs, 1 kitchen cabinet, 1 White sewing machine, 1 washing machine, 1 feather bed, pillows and bolster, bedding and linens, 1 Florence Hot Blast heating stove, 1 Globe combination coal and gas kitchen range, just like new, 1 Grafonola phonograph, canned fruit, dishes, kitchen utensils and many other articles.

Practically all of this stuff is in first class shape, only having been used a short time.

"To Destroy Us"

EBERT IS FOR MODIFICATION

New Chancellor Predicts Deplorable
Conditions if Allies do Not
Relent

(By United Press.)

Berlin, Nov. 26.—"The situation is threatening to the utmost because of our opponents' desire to destroy us, and because of the separatist movement in the country," Foreign Secretary Solf declared today.

A dispatch from Munich said that Kurt Reiner, president of the Bavarian republic, in a violent address, charged both Solf and Matthias Erzberger, chairman of the German armistice delegation, with being representative of the old regime.

Chancellor Ebert, in a statement at the opening of the conference of federated states, predicted that the most deplorable conditions would occur if the armistice is not modified. He outlined plans for economic reconstruction.

Warns Against Counter Revolt

London, November 26.—Warning against a counter revolution by supporters of the former kaiser, the Berlin official organ of the Ebert government, declares:

"That gang of murderers are still planning to re-establish themselves."

The newspaper made the statement in commenting on the Bavarian disclosures of the origin of the war. It pointed out that the German government was ignorant of the Austrian ultimatum before it was delivered to Serbia.

"The facts are," said the paper, "that Berlin incited Vienna. Wilhelm said the enemy accosted us. This is a lie."

Another German Protest

London, Nov. 26.—Another German protest against the armistice conditions has been sent broadcast by wireless. General von Winterfeld, objects to the German army being rendered powerless, saying:

"It can only be assumed that it is the intention of the high command of the allies to completely dissolve and destroy an army which has gloriously made a stand against superior numbers; and whose front at the cessation of hostilities had not been broken through."

Ludendorff in Sweden

Copenhagen, Nov. 26.—General Ludendorff, former commander-in-chief of the German army, has gone to Sweden, it was reported here today.

President Asked to Intervene

Washington, Nov. 26.—President Wilson's intervention in the behalf of the grand duchy of Luxemburg was sought in a telegram from the

New Salem Victory Boys
And Girls 100 Percent
Membership; Oversubscribe

The pupils of the New Salem high school have made a remarkable record in the United War Work campaign, with a hundred percent membership in the Victory Boys and Victory Girls organization and an oversubscription by each organization. Every girl in the high school is a Victory Girl and their average subscription was \$6.85. Likewise, every boy is a Victory Boy and they subscribed an average of \$11.90 each. The limit for Victory Girls is \$5 and for Victory Boys, \$10.

PUTS ON JAIL SENTENCES

Judge Anderson Fines Liquor Law
Violators in Federal Court

(By United Press.)

Indianapolis, Ind., Nov. 26.—Fines as high as \$100 and jail sentences up to ninety days were imposed on ex-saloon keepers and others who pleaded guilty to bringing liquor into the state, by Judge Anderson in federal court today. The judge divided the cases into three classes: those who bring in liquor for their own use; blind tiger operators and lastly wholesalers in wet states, who resort to tricks to get liquor into dry territory. Fines were imposed on the first class; fines and jail sentences on the second. No case falling into the third class had been heard up to noon today.

FIRST RUSH COUNTY
SOLDIER DISCHARGEDLouis Mauzy Mustered Out of Offi-
cers Training School and Will
be Home Tonight

IN SERVICE THREE MONTHS

Louis Mauzy, who will arrive home this evening from the central officers training school for artillery officers at Camp Taylor, Louisville, Ky., is the first Rush county soldier to be discharged and mustered out of the service since the armistice was signed with Germany, November 11.

Although in a deferred class under the selective service law, Mr. Mauzy applied for admission to the central officers school and was accepted last fall. He entered the school three months ago, but received very little training because of the misfortune which befell him. He was among the first to become afflicted with the Spanish influenza, which developed into pneumonia. For some time, however, Mr. Mauzy has been recuperating and has regained his health entirely.

He will resume his place with the Mauzy company.

DR. FRANCIS TO BRING
MESSAGE FROM FRONTAddress Friday Night Will be of In-
terest to Every Citizen of
Rush County.

TO SHOW RED CROSS PICTURES

The meeting at the Graham Annex on Friday evening will be of special interest to every citizen of Rush county, and especially to members of the Red Cross. Dr. Arthur J. Francis, the speaker on that occasion, recently returned from Europe, where he spent some time in the Red Cross work at the front. Dr. Francis has been assigned to Indiana for ten speeches, and the message he brings has a strong appeal to the American people. He tells a thrilling story of the conditions as they exist, and makes plain the future need of the boys "Over There," and the great work already accomplished and still to be done by the Red Cross. The address of Dr. Francis will be supplemented with an official Red Cross motion picture in three reels, which visualizes many features of the wonderful accomplishments of this great humanitarian organization.

F. W. BOYD SUPERINTENDENT

Franklin, Ind., Nov. 26.—The board of trustees of the Indiana Masonic home in this city, has chosen Fletcher W. Boyd, of Indianapolis, as superintendent of the home to succeed George Macomber, who resigned several weeks ago. Boyd will take the place December 1.

NO ADVISORY BODY
TO BE FORMED HEREHealth Authorities Inform Mayor
Irvin They Believe They Can Deal
With Situation.

INFLUENZA IS NOT SERIOUS

New Cases Every Day, but Not as
Many as Previously—Orphans
Home Sorely Afflicted

No committee to assist the health authorities in fighting the Spanish influenza, as suggested in a proclamation issued by Governor Goodrich last Saturday, will be appointed here as the health officers believe that they can deal with the situation unassisted.

Acting upon the suggestion of the governor that representatives of relief organizations and other societies be organized into a committee to co-operate in seeking to eradicate the epidemic, Mayor Irvin consulted with the secretary of the city board of health and the county health secretary. They informed him that they believed a committee would be unnecessary at this time, especially when the epidemic seems to be under control in this county.

Although new cases continue to develop daily, they are not increasing at such rate and with such frequency as when the epidemic was at its height here in October and when the state health board orders prevented meetings of every character.

Only four new cases have been reported in Rushville since yesterday noon. The situation in the county outside of Rushville seem to be about the same, if not improved slightly, with the exception of the Soldiers' and Sailors' Orphans Home, northeast of Carthage, where seventy-five additional cases have been reported.

According to the records of the county health officer, 307 children and adults, out of the 350 enrolled in the Home, either now have or have had the influenza during the epidemic. The latest report from the Home physician shows that the seventy-five new cases developed between November 12 and 25.

In addition to these, the county health officer last night reported to the state health board five new cases in the county outside of Rushville which have developed since last Friday. This morning's mail brought the report of five new cases in Glenwood and vicinity.

Counting the Home cases and those reported elsewhere in the county and in Rushville up to noon today, the total is 89, making 1,031 cases since the state health board ordered that influenza patients be reported.

The four new patients in Rushville today are: Mrs. Ed. Chambers, 102 East Seventh street; Mrs. Lewis W. Henry, 124 East Seventh; Dorothy Blount, 733 North Morgan street, and Ralph Stant, 219 North Spencer, a pupil in Jackson school.

This is the seventh school child reported to have been afflicted with the disease, but the new cases in the schools have developed so slowly that health authorities have little fear of an epidemic among school children. Every precaution is being taken to prevent a spread of the malady in the schools.

SIX DEATHS DAILY

Clinton, Ind., Nov. 26.—Deaths from influenza continue numerous in coal mining localities around Clinton. Six deaths are reported daily, compared to a normal death rate of two a day.

SCHOOLS ARE CLOSED

Shelbyville, Ind., November 26.—Twenty-five new cases of influenza have been reported since Monday at Fountaintown, a village in the northern part of Shelby county. The town school has been ordered closed.

INDICATE U-BOAT
ATTACKED VESSELLetters From Men of 139th Field
Artillery Describe Last Night
Out From England.

CONFIRMED BY THE COLONEL

Letter to His Wife Causes Belief
Ship was Torpedoed—Geo. Hog-
sett Mentions Alarm.

Various stories told by men of the 139th field artillery in letters written back home since their arrival overseas, indicate that the transport which carried the regiment was torpedoed at sea and that the attacking U-boat was destroyed by a British warship, which was conveying the transport.

A letter which Col. Robert L. Moorhead, commander of the regiment, wrote to his wife apparently establishes the fact that the transport was attacked by a German undersea vessel and confirms a letter from Birchard Brundage, of Anderson, chaplain of the 139th, who recently wrote to his wife concerning the voyage.

In addition a letter received yesterday from George Hogsett of the 139th sanitary detachment, describes a U-boat alarm on the vessel the last night out before the regiment reached England, but he did not say that the transport was attacked by a submarine. He declared that the men were all ordered to the life boats, but that before the boats were swung into the water, a signal was sounded that all was clear ahead. The next morning, his letter says, land was sighted the soldiers decided that if any more submarines appeared, they could swim ashore. Private Hogsett's letter was written October 27, five or six days after the regiment had been transported from England to France.

Included in Col. Moorhead's letter was a clipping from an English newspaper telling the story of the fight between the British warship and a submarine which attacked a "merchantmen." Mrs. Moorhead believes the "merchantmen" was the transport that carried the Indiana regiment across.

What leads Mrs. Moorhead to the belief that the description of the submarine fight may have had to do with the ship on which the 139th regiment sailed, was the fact that a passage from one of the letters said:

"Last night on transport full of excitement. Depth bombs, firing." Then he inclosed the clipping from the English paper without comment.

The clipping was as follows:

"Terse, but thrilling, is the account given by the commander of a British warship, acting as escort to a merchantman, of the sinking of a German submarine, which had torpedoed his charge. Late in the afternoon the ship was struck on the starboard side, near No. 2 hold, the hole caused by the explosion measuring 30x16 feet. The nearest escorting vessel at once altered course in the direction from which the attack had been made, and the commander reports the consequences thus:

"The periscope passed down our port side, and just before it reached our stern I gave the order to let go depth charges. The two depth charges went simultaneously. They both appeared to detonate together, and I heard only one explosion, which was a very big one. The submarine disappeared, and the ship was immediately put under full helm to get her back. A few seconds afterward the submarine appeared, how first, at an angle of about 10 degrees, bow slightly out of the water and cocked up, conning tower just above water, and stern submerged."

"Fire was immediately opened. Ship was headed for the submarine."

HELD FOR STEALING TRAPS

Dora Wilbur is Arrested and Stolen
Property is Identified

Dora Wilbur was arrested yesterday evening for stealing steel traps on the James Gartin farm north-east of the city, by Policeman Seward and Havens. Eleven traps were found in his possession and were identified by Mr. Gartin. It is reported that he is also suspected of having stolen traps belonging to Ora Hittle.

Wilbur was suspected of being implicated in the theft of some liquor from the Lake Erie station here last spring. The police were looking for him at that time, but he escaped.

LIEUT. M'GUIRE IS
EXPECTED HOME SOONCablegram Received by Relatives
Requests Them Not to Forward
Any More Letters

NEAR SOUTH HAMPTON, ENG.

Relatives of Lieutenant William C. McGuire, 472nd Aero Squadron, expected him home by Christmas at least, but a cablegram just received has caused them to believe that he may arrive sooner. The message from England, where he has been stationed since arriving overseas nine months ago, requested that no more letters be written, clearly indicates that he is expecting to sail for the United States very soon.

Lieut. McGuire's squadron is not numbered among those announced by the war department as having sailed from Liverpool last Friday and Saturday, but evidence, in addition to his message, makes certain that his unit will be among the first to arrive in the United States because it has been stated in Washington dispatches that the troops in England will be the first to come home.

Lieut. McGuire is not expected to sail from Liverpool, where the troops now on the way embarked, because he has been stationed near South Hampton, on the southern coast of England.

CHILEAN OFFICIAL
TERMED UNPATRIOTICSecond Vice-President Cardenas
Draws Censure Because of
Speech Before Congress

HOPES WAR MAY BE AVOIDED

(By United Press.)

Santiago, Chile, Nov. 26.—Second Vice-president Cardenas has been officially censured by the Chilean congress as "unpatriotic" because he made a speech before that body, expressing the hope that the differences with Peru could be settled without war.

A stormy scene resulted when Cardenas made his address. The members rose to their feet in a body and shouted, "Traitor." The meeting broke up in confusion.

The president and first vice-president of congress turned in their resignations because of Cardenas' speech.

Congress reconvened later and immediately passed a resolution declaring Cardenas to be "unpatriotic, and unfit to carry out the duties of his office."

The members also refused to accept the resignation of the president and first vice-president.

WEATHER FOR THE WEEK

Washington, Nov. 26.—Rain is probable by Tuesday or Wednesday, otherwise fair weather; temperatures about normal, except slightly above during the rain period.

MANY PROBLEMS
FACING INDIANAGov. Goodrich Outlines Gradually
Turning Back to Peace Condi-
tions at Conference

OTHER WAR WORK SPEAKERS

Providing The Soldiers With Work
After Being Mustered Out, One
Topic Discussed

(By United Press.)

Indianapolis, Ind., Nov. 26.—The difficult problems confronting all persons in Indiana, in that task of gradually turning back to peace conditions were briefly outlined by Gov. Goodrich today in opening the conference to map out the Indiana plan for dealing with post-war conditions.

The governor, who issued the call for the conference declared that it was necessary to give the deepest thought and attention to problems now arising as to they would be some of the most difficult which the state has faced in decades.

Among these will be the taking care of the soldiers, who will soon be mustered out, with the work providing jobs for those who have been injured in fighting and the task of keeping the plants, which have been devoting their entire attention to war work, going at full speed on the products of peace.

The governor will probably embody the best ideas brought out at the conference in his message to the legislature in January when he will make recommendations for laws aiding the reconstruction work.

The governor's address was followed by others from leaders in every line of work in the state. Each speaker was limited to five minutes. Among those on the program were: Former Governor Samuel M. Ralston; Charles Fox, president of the Indiana Federation of Labor; W. F. Norris, president of the Indiana Banker's association; William Lowe Bryan, president of Indiana University; Joseph D. Oliver, South Bend manufacturer; Mrs. Richard Edwards, president of Woman's Franchise league; Mrs. Laura Cox, deputy state factory inspector; Dr. S. A. Furniss, Indianapolis, leader in the activities of the colored people.

"The war is behind us," said Governor Goodrich. "The peace table, with its multitude of vital world problems, is properly the cynosure of all eyes. But while the absorbing world problems are before us, we must not fail to give heed to the immediate and future demands of our domestic affairs. From a nation mobilized for war, we must quickly pass to a nation effectively organized and re-adjusted for peace. The economical and social condition of America, transformed by the demands of war, must now be adjusted speedily to meet the new needs of a nation at peace."

"This transition calls for the alert and vigorous co-operation of all. We have just passed through the patriotism of war, and now stand at the threshold of a new era. The demand is now for the patriotism of peace, the service and sacrifice of all citizens in an endeavor to adjust our affairs to meet new conditions before us."

Governor Goodrich sounded a warning against the present tendency at Washington to retain power centered there for the prosecution of the war. On the other hand, he warned against the renunciation of centralized authority effected for war purposes where it is clearly apparent that this centralized authority may well be used in the era of peace that is to follow the war.

"An all-powerful bureaucratic nationalism can be built only on the ashes of the Republic," said the governor. "On the other hand, only a most short-sighted and unwise policy would permit the abandon-

Constipation

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

Chamberlain's Tablets

Mrs. Jones Tells How PEPSINCO Helped Her Stomach!

I just suffered everything. Nothing agreed with me at all. A few minutes after eating I had pain, sourness and as a rule would belch bad tasting stuff.

I tried doctors; I tried medicines; all without effect. Pepsinco was recommended. I honestly believe that I can thank Pepsinco for my good health to-day.

I can eat anything and I am without pain. I would suggest that if there is anything wrong with your stomach, that you go to any drug store and get a small package of Pepsinco.

The above is a testimonial from a party who followed the advice of a friend. Suppose you do the same.

NEED PERMITS TO SHIP THEIR HOGS

Farmers Must Have O. K. of Market Control Committee to Get Cars For Shipments

TO CUT EXCESSIVE SUPPLY

Arrangements to Regulate Market Made Upon Recommendation of Committee Meeting

Every Rush county hog raiser must have a permit signed by the hog control committee before he can ship hogs to the Indianapolis market.

or any other market east of the Mississippi river. This method has been employed to cut out the excessive supply of hogs at practically all markets. Farmers have been selling rapidly since the armistice was signed, because of their fear that the food administration would not be able to maintain present prices.

The arrangements to regulate the shipping of hogs were made upon the recommendation of a committee representing the federal food administration, railroad administration, and live stock markets, which was held at Cincinnati last week.

When a farmer wishes to ship a car load of hogs or a car of mixed live stock, containing hogs, he must first obtain a request for transportation from the railroad agent at the point of origin of the shipment. This request is indorsed and submitted by the agent at the point of origin to the hog control committee at the point to which the prospective shipment is to be made. The hog control committee in turn passes out the permits in the order they are received and as their judgment warrants.

The permit shall in no particular be transferable. It must be utilized by the consignee authorized and for the number of cars specified. If the request is approved by the hog control committee, the numbered application is returned to the railroad agent at the point of origin and he at once notifies the shipper that the permit has been accepted and that the shipment must be made within three days. Shipments moving on permits may not be consigned from one market to another where the permit system is in control unless a new permit is obtained in the prescribed manner.

By this system the judicious marketing of hogs will be accomplished, as the committee will only allow the number of hogs to come through that can be handled and the prices established at different markets can be maintained. Shippers should bear in mind that request for cars cannot be made through the commission merchants. It must be placed with the railroad agents at point of origin.

The fate of the United States food administration's plan to stabilize prices of hogs and protect the producers is entirely in the hands of the men in charge of the farms and feed lots.

The spasmodic glutting of markets with hogs can have only an evil effect and must ultimately result in the accumulation of stale stock, the piling of embargoes or a great sacrifice in prices. Producers and shippers of hogs can render an invaluable service to the food administration.

Spanish Influenza can be prevented easier than it can be cured.

At the first sign of a shiver or sneeze, take

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture. At All Drug Stores.

Acid-Stomach Makes Life Miserable For Millions

Dentists tell us that acid mouth causes the eating away of enamel on the teeth, a substance much harder than bone. "Keep the mouth free from acid," they say, "and there will be little or no danger of decayed teeth."

Think of this—you can at once see what an excess amount of acid in the stomach—acid-stomach—means in the way of undermining one's health and strength!

Many people make the awful mistake of thinking that acid-stomach—super-acidity as the doctors call it—merely causes an occasional attack of indigestion, bloat, heartburn, belching, sour, gassy stomach, and similar troubles that can quickly be remedied—and leave no serious after effects. As a matter of fact super-acidity is responsible for a long train of serious ailments. It sometimes creates conditions which baffle the best medical skill. It is a well established fact that most cases of chronic stomach trouble, anemia, stomatitis, gastritis, rheumatism, gout, lumbago, intestinal ulcer, many cases of cancer of the stomach, valvular heart trouble and heart failure find their start in acid-stomach.

The excess acid must be removed. The stomach must be kept pure, sweet and strong, free to digest food properly. That is the only sure way to avoid the evil consequence of acid stomach and to enjoy vigorous, robust health.

A wonderful preparation now makes it possible to quickly remove acid-stomach. It is called EATONIC—a pleasant tasting compound that you eat like candy.

EATONIC literally wipes out the hurtful excess acid and drives the bloat out of the body. You can fairly feel it work. It is absolutely harmless and no matter how weak or delicate the stomach may be, EATONIC will not cause distress.

The immediate effects of EATONIC are nothing short of marvelous. Almost instantly it relieves that miserable, puffed up feeling after eating, sour, gassy stomach, heartburn, stops food repeating, etc. Makes the stomach feel sweet, cool and comfortable. Enables you to eat what you like and digest your food in comfort. Aids digestion and helps the digestive organs to get full strength out of every mouthful of food you eat. And that is what you must have in order to be well and strong—full strength from your food.

So we say—don't let an acid-stomach hold you back and wreck your health. Don't drag out your days feeling all in, down and out, weak and ailing, lacking in physical power and energy, listless, nervous, irritable and taking only a half-hearted interest in your work. Keep the vital spark flaming. Let every organ, muscle and nerve of your body function in perfect harmony with a strong, healthy stomach. Eat the things you like but make every mouthful count. Then you'll feel fine—be fit—mentally alert—have pep and punch—the power and will to do things. That's the kind of health that makes life worth living!

Take EATONIC. Then see how much better you feel—instantly! You need this help. And you can get it easily. Your druggist has EATONIC. Get a big box today. It is guaranteed to please you in every way. You have faith in your druggist and you can trust him to make this guarantee good. If EATONIC doesn't please you just take it back and the druggist will refund your money. That is our guarantee.

Within the short space of a year tens of thousands of people all over the United States have used EATONIC. Everywhere they testify to its marvelous power to bring quick relief.

If you are sick and ailing and have tried pills and medicines in vain, don't give up hope of getting well until you have gone directly to the seat of the trouble—the acid-stomach. Don't let another day go by. Get EATONIC at once. If your druggist does not keep EATONIC, write to us and we will send you a big 50c box. You can send us the 50c after you receive it. Address H. L. Kramer, President, Eaton Remedial Company, Cor. Wabash Ave. and 11th St., Chicago, Ill.

tion and also conserve their best interests it is stated, by having the hogs flow into market channels regularly and in normal numbers. "Haste makes waste" and there is positively no occasion to become alarmed concerning the fixing of prices in the future.

The request of the government to avoid the marketing of immature hogs should be religiously observed. The demand for such stock in market is normally very narrow and there is rarely a definite value with relation to prices of other hogs, but besides all this the government requires the product of a matured animal, and it has demonstrated that it is willing to pay a good price for such meat.

HOG MARKET STEADY WITH 2,500 RECEIPTS

The Indianapolis hog market remained steady today with receipts only 2,500, the smallest in many days and 14,500 less than yesterday. The grain market was strong and cattle steady.

CAPTAIN TUCKER IS GASED

Captain Glen I. Tucker was gassed in action on the west front in France about September 17, according to a letter which his wife, formerly Miss Dorothy Thomas, has just received. Although Captain Tucker insists that he was not badly injured, he says that he was in the hospital for sixteen days before he was able to write. Captain Tucker was commissioned a lieutenant at Fort Benjamin Harrison, was stationed at San Antonio, Texas, before going overseas. He was promoted shortly before he embarked for overseas service. Captain Tucker was formerly of Greencastle and Indianapolis and is well known here. He was being treated in Base Hospital No. 44 when the letter was written.

SAYS SITUATION IS THREATENING

grand duchess. She asked that he protest at the peace negotiations for the rights of Luxemburg as a small, independent, free nation. The message was referred to the Versailles council.

May Reinstate Emperor Karl

Zurich, Nov. 26.—Efforts to reinstate Emperor Karl are growing in Vienna, according to Berlin papers. A Vienna dispatch states Cardinal Piffle, in a statement to a meeting of 300 women, said: "Prospects for the restoration of Emperor Karl are favorable. It probably will be accomplished in a few months."

Take Over Alsatian Towns

Strassburg, Nov. 26.—French infantry divisions are taking over Alsatian towns controlled by German soviets.

They are handling the situation in a most creditable manner, restoring order, providing food for the people and caring for refugees.

INDICATE U-BOAT ATTACKED VESSEL

Continued from Page One
and I decided to ram. Rammed submarine aft; shock slight and apparently pushed submarine down, for she disappeared again for a few seconds. Submarine then came up again as before and fire was opened with every gun that could bear. Submarine was frequently hit. Smoke was rising from various places in part of submarine above water. Submarine eventually sank stern first. The action lasted just twenty-two minutes. The depth charges completely wrecked submarine, and the gunfire finished her off. Ship stopped and picked up prisoners swimming in the water.

"Meanwhile the master of the torpedoed vessel had examined his bulkhead and engines. He then signaled to the escort that his ship was able to proceed under her own steam. This was accomplished successfully and she reached harbor successfully in due course."

Amusements

W. S. Hart at Princess

William S. Hart in "Blue Blazes Rawden," will be shown tonight at the Princess theatre. It is described as a picture that will glue you to your seat. A Burton Holmes travel picture will also be shown tonight. Wednesday Mae Marsh will appear in "All Woman," the story of a girl who fought for life and won. D. W. Griffith presents for Thursday and Friday, "The Great Love," which pictures the noble sacrifices made by the most distinguished women in the high circles in England. Since the beginning of the great war, England has sent the flower of its nobility to the front and untold thousands have laid down their lives upon the ensanguined battlefields of France and Belgium. At home the women and men have united in the great work of caring for the wounded and in prosecuting the relief activities so essential to the successful conduct of the war.

Mutt and Jeff at Mystic

"The Girl with the Champagne Eyes," a Fox production and Mutt and Jeff in "Hospital Orderlies," are the attractions at the Mystic theater this evening. June Caprice in "The Camouflage Kiss" was advertised for tonight, but the picture failed to arrive. William S. Hart will be at this theater Thursday night in "The Aryan."

Ice skates have been sent to the American soldier in Russia by the Red Cross.

**Bonds Will Rise in Value.**

There is every indication that Liberty Loan Bonds, issued during the war, will greatly rise in value with the establishment of peace. In 1888 a \$100 United States bond, bearing 4 per cent interest, sold in the open market for \$130. In 1901 it brought more than \$139. The most conservative will agree that Liberty bonds are sure to go above par in value, now that the Allies have brought the war to a victorious end.

The shrewd and unscrupulous, the birds of prey in finance, realize the worth of Liberty bonds, and are using every effort to secure them from those who are uninformed in finan-

Sap and Salt

By BERT MOSES

None of us is any too good.

The only good that comes from
kicking is the exercise.

The act of spitting on the hands
is not patented. Help yourself!

A little science and a lot of sweat
make a great combination.

A boss is as necessary in promot-
ing good as in promoting evil.

It is a great gift to be able to
distinguish between truth and a
jumble of words.

The dividing line between the
close observer and the rubberneck
has not yet been defined by the La-
dies' Home Journal.

cial matters. Their favorite method
is to offer stock in wildcat compan-
ies—stock that is absolutely value-
less in exchange for Liberty bonds.
Some of these get-rich-quick schem-
ers offer to lend their prospective
victims money, wherewith to buy the
goldbrick stock, taking Liberty
bonds as security. This, of course,
is only a thinly disguised attempt to
obtain Liberty bonds for worthless
stock.

The United States owns some 5,-
000,000 acres of oil lands and 53,-
000,000 acres of coal lands, the title
to which belongs to the Federal Gov-
ernment. Since all owners of Lib-
erty bonds are part owners of this
Government, it would be palpably
foolish of them to exchange their
Liberty bonds for oil or coal stocks
of doubtful value.

Before disposing of his bonds, the
holder thereof would do well to con-
sult a banker. Such consultation
will not prosper the fake stock con-
cerns, but it certainly will prosper
the bond holder.

Memorials for Soldiers

Many plans for remembering the
soldier dead in some substantial way
have been suggested, but none is ex-
pected to meet with any more suc-
cess than the nation-wide movement
started by the American Forestry
association for the planting of mem-
orial trees.

Charles Lathrop Pack, president
of the association has written to ev-
ery governor, asking cooperation.
The plan is to have each state plant
memorial trees along the great
trans-continental motor highways.

P. S. Ridsdale, secretary of the
association, says many towns and
cities have taken up the idea and
the General Federation of Women's
Clubs is considering a similar plan
for the Lincoln highway to be car-
ried out by the state organizations.

"Nothing could be more appro-
priate" says Mr. Pack, "than to
have each state, through which a
motor highway passes, plant 'victory
oaks' or 'victory elms' of other trees,

for her soldiers, who have died in
battle. The motor has played a
mighty part in winning the war.

"Wood has played a big part in
victory too. Out stocks must be re-
plenished. With each state cooper-
ating with the highway authorities,
a living age-long lesson could be
taught the coming generations as to
the beauties and value of forestry.

Christmas—According to Rule.

There is a popular impression
that great national movements and
purposes must originate from and be
directed by Washington.

In most cases national achieve-
ment results from individual effort
made by communities like Rush
county, and multiplied indefinitely.

The nation has been told to mobi-
lize peace industries. Government
restrictions limiting such activities
are being speedily removed, but the
consumption depends entirely on ci-
tizens of places like Rush county.

If manufacturers are to find a
ready outlet for product among
wholesalers the latter must do the
same among retailers. What hap-
pens to the retailers depends on you
and me.

The government's advice regard-
ing Christmas giving was delivered
when the war seemed likely to last a
year. It stands today, but is mod-
ified by the stupendous happenings
of recent days.

If money circulates freely the na-
tion prospers and jobs are plentiful.
We must create this condition before
the boys come home, not afterwards.
Everything must be ready for them.

Let us choose gifts judiciously,
but let us give without stint.

It would be interesting to know
whether a young man whose regi-
ment is disbanded after receiving
one-fourth of its training in an
American cantonment would accu-
rately be described as a soldier or as
a demisemi-soldier.

Holland evidently does not care to
have German gentlemen of high de-
gree elect to reside within it.

The ex-kaiser in Holland is said
to be wearing civilian dress. Another
case of "all dressed up and no
place to go".

When our troops come marching,
home among the wild acclamations
with which we greet them should be
the thunderous question, "Parlez-
vous Francais?"

FOR Y. M. C. A. WORKER

A Red Triangle was added to the
First Presbyterian church's service
flag Sunday for Miss Nelle Baldwin,
who leaves soon for Barnard college,
New York, to prepare for Y. M. C.
A. overseas service. This makes 53
emblems on the flag, there being two
Red Crosses, three gold stars and
47 stars for men in the service.

HOOSIER WOUNDED

Ottawa, Ontario, Nov. 25.—The
Canadian overseas casualty list to-
day includes the name of C. Hasty,
Newport, Ind., wounded.

Let Us Be Thankful

The land of America has brought forth abundantly during
the year that is past the fruits of its soil, the ore from its
mines, and the timber of its forests.

Man, imbued with the spirit of God and of righteousness,
has decreed that there shall be provided the implements
of war and the food and clothing with which to defeat
militarism and to sustain humanity.

Our men have been the victors in war. The cause of free-
dom and democracy has been triumphant over militarism
and autocracy.

After four years of carnage, bloodshed and unspeakable horror the peace of God begins
to break forth, and the whole world has cause for Thanksgiving. The day is not for
us alone, but of all nations and all peoples we have cause to be most thankful. The rav-
ages of war have not reached our borders. The unspeakable horrors that have destroyed
whole nations of men, women and children have not been committed upon our people.
Hunger and famine have not stalked through our land.

We have been most blessed. On this festal day we raise our voices to Him in praise and
thanksgiving for the bounteous harvest with which we may provide our needs and save a
starving world.

Truly the ancient prophet spake when he declared: "And this land shall be a land of
liberty unto my people. There shall be no kings upon the land. I will fortify it against
all other nations, and he that fighteth against Zion shall perish, saith God."

America, the land of liberty, where the peace of God reigns supreme, where freedom of
thought and speech and life is bestowed upon all mankind, where the bounties of heaven
have been poured in abundance to be shared with a starving, unfortunate world—America
this is our home.

We thank Thee, O God, for this land, and for the liberty that has been vouchsafed unto
us. For it we will sacrifice our lives, our liberty, our sacred honor that its symbol, the
flag, shall forever be untrampled and unstained.

RUSHVILLE, INDIANA

CLEARLY DESCRIBES HOW HE WAS WOUNDED

Corp. Jerome Caron Tells How he
Finally Saved His Life by Crawl-
ing Behind Tree

FIRST AID FROM A GERMAN

Corporal Jerome Caron, Co. K,
30th regiment, who is now in a hospi-
tal at Newport News, graphically
describes how he was wounded on
October 10, in a letter received by
Jacob Myers, which is as follows:

I got my wound when we went
over the top by a machine gun. We
started over the top and had drop-
ped down on our stomach to dim-
inish the machine gun fire. The first
shot hit by my cheek. He was too
low, I said to the fellow next to me,
he's coming closer, and laughed. I
had a slight pack on my back and
the next one hit my mess kit and
before I knew it, he had plugged me
in the right hip, and it felt like a
one pounder. I told the next one in
command to take the squad as I
was hit. I crawled in a shell hole.

Our wave advanced but some one
had seen me go into the shell hole
and every time I would move he
would pour the lead around the brim.
I took the lumps of dirt and made a
wall on the three sides to protect me.
Just then a shell covered me with
dirt and I thought that I was a gen-
eral. I knew that I would soon have
to go to the first aid. Just then a
shell lit close by and made a lot of
smoke so I then took my chance to
get over to the road. The road was
covered by machine gun fire and he
opened up. Therefore, I found it
impossible to cross. Farther up the
road they had chopped down a tree
to delay advance, which was a good
protection for me and I crawled
across behind it. I met two of our
boys bringing a number of prison-
ers in while I was putting on one of
my first aid bandages, and was hav-
ing a great deal of trouble in mak-
ing it stick, so a Hun put it on for
me. I never bled very much. At
last I arrived back to a first aid
hospital.

NO LIMIT TO STORING COAL

Washington, Nov. 26.—Regula-
tions limiting the amount of bitu-
minous coal stored by consumers
were lifted today by Fuel Adminis-
trator Gardiner in conformity with
the cancellation by the war indus-
tries board of its preference list.
Any industry or domestic consumer
may now store all the bituminous
coal desired.

WALTER M'DANIEL IS HURT BY GERMAN BOMB

Portions of His Leg Amputated
Twice Because Gangrene
Developed

SIX SHARP SHOOTERS KILLED

Walter McDaniel writes his un-
cle, Al McDaniel of Carthage, that
he has almost recovered at the Wal-
ter Reed Hospital, Washington, D. C.
and that he has had to have a por-
tions of his leg cut off twice, since
it was amputated, because gangrene
set in. Private McDaniel together
with a squad of six sharp shooters,
which he was leading, was behind a
boulder, when a german bomb was
hurled at them, killing all but him-
self, and his life was saved only by
tearing his shoe strings tightly above
the knee to stop the flow of blood.
When rescued twenty-one hours af-
ter being wounded, he was uncon-
scious from the loss of blood and his
leg had taken up gas poison, which
made the wound more serious.

Private McDaniel said he got one
Hun just as he got his big gun
ready to fire and threw bomb among
them numerous times. He said it
was nasty business but it had to be
done.
He was much pleased by a letter
from Senator James E. Watson, who
learned of his injuries and address
through the Daily Republican. He
had expected to spend Thanksgiving
at home but owing to conditions will
probably not be home until near
Christmas.

MAY ENTER PURDUE NOW

Former Students Will be Able to
Make Full Year's Credits

(By United Press.)

Lafayette, Nov. 26.—Former stu-
dents of Purdue university who are
to be released from military service,
who left college this fall upon fail-
ure to get into the students army
training corps, or naval reserve or
who have not come back this year
on account of the probability of be-
ing called for service, may enter the
university now and by the end of
the school year have credit for a
full year's work.

This announcement was made by
Dr. W. E. Stone, president of the un-
iversity. Some of the back work will
be waived while arrangements will
be made to make up some of it.
Special attention will be given to
aid those students entering late.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Hadn't Laid All
Winter, Until He Tried This Plan.

"We have 23 chickens and hadn't
had an egg all winter. In five days
after feeding Don Sung, we got four
to five eggs a day; in three weeks,
we were getting 10 to 12 eggs a day;
in five weeks we got 15 to 19 eggs a
day."—John Duni, Box 102, Cherry
Valley, Pa.

Mr. Duni started giving his hens
Don Sung last January in zero
weather. He now keeps his hens
busy in cold weather, when hens usu-
ally stop laying. A trial costs
nothing. Here's our offer:

Give your hens Don Sung and
watch results for one month. If you
don't find that Don Sung pays for it-
self and pays you a good profit be-
sides, simply tell us and your money
will be refunded.

Don Sung (Chinese for egg-laying)
works directly on the egg-laying or-
gans, and is also a splendid tonic.
It is easily given in the feed, im-
proves the hen's health, makes her
stronger and more active in any
weather, and starts her laying.

Try Don Sung for 30 days and if
it doesn't get you the eggs, no matter
how cold or wet the weather, your
money will be promptly refunded.
Call at our store today for a 50c or
\$1.00 package.

MEDICAL TRAINING CAMP WORK GOES ON

Lt. F. H. Finlaw, Formerly of Arlington, Says Armistice Does Not Affect Activities.

MEDICAL CORPS IS NEEDED

Lieutenant Fred H. Finlaw, adjutant of the first battalion at the medical officers training school at Camp Greenleaf, Georgia, says in a letter received here that the work in camp has not slackened one bit since

the armistice was signed, because it is just as essential that there should be a great army of medical officers as there was before hostilities ceased.

Lieutenant Finlaw, who was formerly a physician at Arlington, says that the reconstruction work, which will be required, will to a great extent devolve on the medical personnel of the army. In view of the fact, he adds, that the American army is the greatest on earth and its medical corps the most efficient, the allied countries are looking to America to do the bulk of the work. Lieutenant Finlaw says he hopes to return to Rush county some day in the near future.

MANY CASES TAKEN OFF THE DOCKET

Several Civil Suits Are Dismissed in Circuit Court and Judgments Rendered in Others

YOUNGER DIVORCE IS GRANTED

Ora B. Lacey Appointed Receiver For George E. Lacey, Alleged to Have Abandoned His Family

Many cases have been taken off the circuit court docket the last few days through dismissals and judgments being returned.

A divorce has been granted to Mrs. Carrie Younger from her husband, Charles Younger, on payment of costs. The evidence was heard a few days ago and taken under advisement by Judge Sparks. Mrs. Younger was also granted the custody of their minor child and \$10 a week for the child's support.

The case of Phebe Phillips against Lesner H. Allender on an account and note, for \$700, has been dismissed and the costs paid by the plaintiff. Similar action has been taken in the following cases:

George Helm against Jefferson H. Claypool and others, for a partition and to sell real estate; Roy S. Breeding against Harter B. Bebout, for a partition of real estate; Unit-type company vs A. C. Archey and Dewey Hagen, for \$500 on note and an account.

Ora B. Lacey has been appointed receiver for George E. Lacey of near Charlottesville, who is alleged in a suit by his wife for a receiver and support, to have abandoned his family and to have left his crops in such a condition that they need care to prevent a loss.

Two claims against the estate of Joseph Murphy, of which H. Edward Gantner is the administrator, have been allowed by the court—one in favor of Anna C. Wingerter for \$102.65 and George C. Wyatt and company for \$62.

The objections to the probating of the will of Hypatia Marshall, filed by Minnie F. Talbot against Sanford N. Marshall, have been dismissed and the costs paid. The case of the Pinnell-Tompkins Lumber company against Albert and Arzula Curry for possession, has been sent to Henry county on a change of venue.

In six cases the defendants defaulted and the findings and judgments for the plaintiff in each case were returned by the court as follows:

Fidelity Phoenix Insurance company against James Kratzer, \$50 and costs; Frank Wilson against Fred Dagler, on principal and interest, \$69.31; Standard Oil company against Samuel H. Colter, \$70.95 on an account; Richard Farlow against Daisy Willard and Harry Colter, \$387.94, on principle and interest on a note, and an account; Martin Kelly against Fred H. and Clayton B. Dagler, principal and interest on a note for \$479.07; John A. Ryan against Samuel H. and Willard Colter, for principle and interest on an account for \$200.

WORK IN F. C. DEGREE

Phoenix Lodge No. 62 F. C. and A. M. will have work in F. C. degree Tuesday evening at 7:30 o'clock. All visiting Masons are welcome.

DEMOBLIZATION PLANS ARE MADE

Civilian Relief Committee Expected
Ready to Meet Emergencies
Which May Arise

SOLDIERS GET FULL PAY

In Addition They Receive Three and
One Half Cents Per Mile Travel
Allowance

George C. Wyatt, chairman of the Red Cross civilian relief committee, has received a letter from Lake division headquarters at Cleveland, Ohio, regarding government demobilization plans and the part of the Red Cross in them. The civilian relief committee is expected to be ready to meet any emergency which may arise through the transfer of soldiers from training camps to their home, according to the instructions, which are as follows:

1. All camps will begin demobilizing as soon as medical examination discharge papers are delivered at the camps and the railroads can handle the volume of men.

2. Each discharged man will receive full pay to the date of his discharge and in addition, three and one half cents per mile travel allowance. At each camp there will be for sale non-transferable railroad tickets at two thirds regular coach rate. The tickets can be purchased only at the camps and are good from camp to home or point of induction. They will cost approximately two cents a mile leaving about one and a half cents a mile for expenses enroute.

3. Discharged soldiers who become stranded on their way are the responsibility of Home Service in so far as they are a Red Cross responsibility. Camp Service Field Directors and Canteen workers have been directed to render any emergency aid necessary except loans of money which should be handled by local Home Service Sections. It is probable that in the larger cities and junction points where great numbers of soldiers are apt to congregate enroute home, special representatives of the Division Bureau of Civilian Relief may be stationed in the Home Service Sections or separate office as special circumstances require. Discharged soldiers in their home community should deal directly with the Home Service Section. Non-residents stranded in communities in which no special representative of the Division office has been placed must be dealt with by a responsible officer of the local Home Service Section.

4. Each case must be treated on its own merits and regular case work methods must be used in determining when transportation should be provided. Money advanced for transportation will be refunded by the Division providing the division bureau of civilian relief is notified in advance of the proposed expenditure and approves it.

Attention Housewives!

WHY NOT BUY BEST FLOUR WHEN BUYING FLOUR?
THE BEST IS NO MORE

SIX GOOD REASONS WHY WE RECOMMEND

Washburn Crosby Gold Medal Flour

First—Scientific milling more than ever before plays a most important part in making a perfect flour.

Second—Gold Medal Flour has always been conceded as the highest quality flour it is possible to produce.

Third—The milling restrictions of the Food Administration now put a big premium on successful scientific milling and the difference between Gold Medal Flour and ordinary flours is more than ever apparent.

Fourth—Only Best Wheat in United States used.

Fifth—Every grain used is washed and cleaned, thus assuring a pure, wholesome flour.

Sixth—Milled by largest and best mills in United States, under careful instructions from their own Scientific Laboratories and Bakery.

DON'T TAKE OUR WORD, BUT

Order Bag of Gold Medal Flour Today and
See for Yourself the Goodness it Contains.

If your grocer can not supply you, call us. Do not take some other brand that is supposed to be as good.

Remember Quality of Gold Medal Flour Never Varies.

AMERICAN MEN AND WOMEN IN FIGHTING TRIM

They Keep To The Top Notch of Health

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down, and are quick to take advantage of Nature's greatest red blood and nerve tonic. Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you; work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no sense in anyone being a victim of ill health, poor blood, overwork, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder, and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, no "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets. Insist on capsules.

extra sauce dishes and sugar be brought. All dishes must be at the club rooms not later than 5 o'clock.

The members of the Woman's Relief Corp will meet in the Red Men hall tomorrow afternoon promptly at one o'clock.

The Misses Helen and Esther Black entertained last evening at their home with a prettily appointed dinner party in honor of Miss Nell Baldwin, who left this morning for her home in Greenfield. Miss Baldwin has been accepted in the Y. M. C. A. service and will report in New York City at Barnard college, December 4, for instruction. The spacious rooms were artistically decorated in red carnations and a basket of red carnations formed the centerpiece for the dining room table, with lighted red candles at each plate. Covers were laid for the following guests: Mrs. Ruth Innis, Miss

Hannah Morris, Miss Clorene Amos, Miss Katherine Petry, Miss Jessie Kitchen, Mrs. Jack Kuecht, Miss Olive Buell, Mrs. Edith Ashworth and Mrs. Earl Moore.

The members of the French class of the Christian church met last evening at the home of Miss Edith Brown, with Mrs. Albert Allen as instructor. About twenty-three members were present. The next meeting will be next Wednesday night in the parlors of the church at 7:30 o'clock.

The Knights of Columbus will hold a card party and oyster supper at their hall Wednesday night. All Knights of Columbus and their friends are invited.

Mr. and Mrs. Floyd Woods entertained at their beautiful country home Sunday with a family dinner in honor of Chester Dearing, who

STATUE OF RILEY IS UNVEILED TODAY

Model Designed by Myra Reynolds Richards of Indianapolis—Completed Week Before His Death

CEREMONY AT GREENFIELD

(By United Press.)

Greenfield, Nov. 26.—The city today honored the memory of James Whitcomb Riley with the unveiling of a statue of him in the presence of hundreds of his friends and admirers. The Hoosier poet was born in this city.

The statue is the work of Myra Reynolds Richards of Indianapolis. The model was completed only a week before his death.

The fund for the work was procured largely through the efforts of Boemer Davis of this city. Davis sold small busts of Riley throughout this country and in some foreign countries, along with pictures of the "Ole Swamin' Hole" and other places mentioned in Riley's poetry. A part of the proceeds was set aside for the statue until sufficient amount was procured to insure completion of the memorial.

The statue stands on the courthouse square resting on a pedestal of Quincy granite about five feet in height.

DEATHS IN NAVY 1,233

Washington, Nov. 26.—Total deaths in the navy from all war causes was 1,233, Surgeon General Braisted told the house naval affairs committee today.

Now You Can Build

The Government has lifted the ban on building and you can begin immediately.

Dont Wait

Died of accident and other causes—Sergeant Clifford G. Brindley, Brooksbury; Corp. Care Grossman, Huntington.

MANY PROBLEMS FACING INDIANA

Continued from Page One
ment or discarding of Federal authority assumed for war purposes, which is well suited to the peace needs of the nation and would operate for the positive and general welfare of all the people. The pendulum is swinging away from existing centralization of power, but it should not be permitted to swing to an extreme which would permit the obvious and permanent benefits of war forced experimentation to be lost.

Governor Goodrich expressed the opinion the absorption of men from the training camps and army soon to be demobilized is not a serious problem. He declared emphatically that the national army should be demobilized at once. He pointed out the accumulated demands for construction work of all kinds in the rehabilitation of enterprises which have lagged during the war period. The Governor suggested the appointment of a state commission on reconstruction and re-adjustment to serve without pay and which would be authorized to investigate all matters considered important at this time. He said a definite program ought to be worked out prior to the meeting of the Legislature so that if legislation is necessary it can be presented.

Died of accident and other causes—Sergeant Clifford G. Brindley, Brooksbury; Corp. Care Grossman, Huntington.

MANY PROBLEMS FACING INDIANA

Continued from Page One
ment or discarding of Federal authority assumed for war purposes, which is well suited to the peace needs of the nation and would operate for the positive and general welfare of all the people. The pendulum is swinging away from existing centralization of power, but it should not be permitted to swing to an extreme which would permit the obvious and permanent benefits of war forced experimentation to be lost.

Governor Goodrich expressed the opinion the absorption of men from the training camps and army soon to be demobilized is not a serious problem. He declared emphatically that the national army should be demobilized at once. He pointed out the accumulated demands for construction work of all kinds in the rehabilitation of enterprises which have lagged during the war period. The Governor suggested the appointment of a state commission on reconstruction and re-adjustment to serve without pay and which would be authorized to investigate all matters considered important at this time. He said a definite program ought to be worked out prior to the meeting of the Legislature so that if legislation is necessary it can be presented.

MADE ON THE FARM MADE BY A FARMER

THE ACME LINE was thoroughly tested on my own stock and on my farm before it was offered to the public. It is the result of 21 years of experience with digesters, conditioners, tonics, worm expellers, louse killers and a realization of the Live Stock needs, from my experience as an Importer, Exhibitor, and breeder of registered stock. My factory and office is located on my farm, between Gretna and Wheaton, Ill.

90% of Hog Diseases Are Due to Worms
Indigestion, Constipation and Fever, which follow such conditions. This can all be prevented for 6c per month each, by feeding

COUNCIL REQUEST URGED TO BE MET

Christmas Express Shipments Are
to be Started on Their Way De-
cember 5.

EXPRESS EMPLOYEES HELP

Emphasize Importance of Prevent-
ing Any Possible Congestion of
Transportation

Vice-President D. S. Elliott, in
charge of traffic for the American
Railway Express Company, has in-
formed all operating officials and
agents of the express organization
throughout the United States, that it
is the purpose of the company to up-
hold in every way the request of the

Stop the "Snuffles"

If you want to make your distressed
babies easy and comfortable, give
Foley's Honey and Tar.

It is just what they ought to have for
feverish colds, coughs, "snuffles," and
whooping cough. It stops croup, too.

Foley's Honey and Tar tastes good
and the little ones like it. It contains
no morphine, chloroform or other drug
that you wouldn't like to give to young
children. Do not accept a substitute.

Mrs. B. H. Garrett, Schoolville, Va., writes:
"My baby was stricken with a severe cough
and cold at one month old. I gave him ten to fifteen
drops of Foley's Honey and Tar every three
hours and it surely did help him. He hasn't
been sick a day since."

F. B. JOHNSON

Council of Defense that Christmas
express shipments be started on
their way by December 5.

A concerted effort will be made in
every city and town of the country
by the 125,000 express employees, to
emphasize the importance of pre-
venting any possible congestion of
transportation facilities during these
critical times. Although the express
facilities are very elastic, so much of
the equipment is now used for
strictly war purposes, that all gift
shipments for long distance travel
should be delivered to the express
company not later than December
5th, and for short hauls not later
than December 10th. This will al-
low ample time for sorting and de-
livering before Christmas Day.

"We wish to emphasize strongly,"
said Mr. Elliott, "the point raised
by the Council of National Defense,
that nothing should be forwarded,
which will interfere with essential
war business. Just now the move-
ment of equipment and supplies for
the Over Seas Forces is heavy and
exact, and there should be no
domestic burden placed upon trans-
portation, which would tend to less-
en the delivery of war shipments."

"Also during the winter months
there is a tremendous movement of
foodstuffs to all of the larger cities.
These foodstuffs are perishable and
next to war shipments must be given
first consideration."

"We are asking our men every-
where to bring these points before
our patrons, and to emphasize more
strongly than ever the vital impor-
tance of proper packing and legible
marking. We are asking them to re-
fuse all shipments which are not
their destination with ordinary hand-
ling, and to insist that the address
of the sender and of the consignee
be placed on a card and enclosed in-
side the package."

STATE TEXT BOOKS WILL BE EXAMINED

School Officials to Determine Wheth-
er or Not There Are Any Pro-
German Passages

COMMITTEE WILL BE NAMED

Indianapolis, Ind., Nov. 26.—All
text books in use in Indiana schools
will be subjected to a critical ex-
amination to determine whether or
not there are any pro-German pas-
sages which should be eliminated.

A committee for this purpose will
probably be named at the next meet-
ing of the state board of educa-
tion. This action will be taken fol-
lowing complaints against several
books now in use which are alleged
to contain passages glorifying the
Germans.

Two which have been mentioned
especially in this connection are the
high school Geography by Charles
R. Dwyer, acting dean of the depart-
ment of geography and geology of
the Indiana normal school and Fite's
American history, published by Hen-
ry Holt & Co. The latter book is
now being investigated by a special
commission consisting of W. L.
Bryant, president of Indiana univer-
sity; H. G. Brown, superintendent
of schools at Lebanon, and L. P.
Benzet, superintendent of Evans-
ville schools.

22,500 BOYS ARE ENROLLED

Ready to Engage in Productive
Work, Isaac O. Straus Reports.

During the year of activity of the
United States Boys' Working Re-
serve in Indiana, a total of 22,500
patriotic boys between the ages of 16
and 21 have enrolled for productive
work, directed toward helping to win
the war. This figure was reported to
the Indiana State Council of De-
fense, by Isaac O. Straus, federal
state director of the reserve. Mr.
Straus stated that of these boys
4,195 had reported the nature of the
services they had rendered, in keep-
ing with their pledge, and 427 are
now in the military or naval service
of the United States.

POSTOFFICE TO CLOSE

The postoffice will close at 10 a.
m. Thursday, Thanksgiving day, and
the usual holiday hours will be ob-
served. There will be no delivery on
the rural routes and only one de-
livery on the city routes.

AD BAN ON WHEAT FLOUR IS LIFTED

Decided Rule Requiring Making of
Only One Grade of Flour Will be
Continued

GLUTEN FLOUR PERMITTED

Millers may Purchase Farmer's
Wheat at a Fair Price With Fed-
eral Guarantee

With the removal of other restric-
tions relative to the manufacture,
distribution and consumption of
wheat flour, the United States Food
administration today announced the
removal of the ban against adver-
tising wheat flour or its products.

Dr. Harry E. Barnard, federal
food administrator for Indiana, re-
ceived directions from the federal
food administration in Washington,
that all censorship has been removed
from the advertising of wheat flour
and dealers are to be advised ac-
cordingly. The result of this order
is expected to release for publica-
tion an immense amount of publicity
which heretofore has been frowned
upon by the food administration.

Current fair price schedules on
flour and feed, will be continued
without change in either commodity,
the rain Corporation announces. It
has also been decided that the rule
requiring the making of only one
grade of flour will be continued for
the present. The manufacture of
Gluten flour is now permitted, and
mills may make self-rising flour with-
out securing a permit.

This means that the miller may
purchase the farmer's wheat at a
fair price, in accordance with the
federal guarantee, and sell the flour
extracted there from at a price not
to exceed fifty cents per barrel
above his published fair price list,
in ear lots.

THE MIGHTY ARE FALLEN

Amsterdam, Nov. 26.—Two hun-
dred and seventy-eight persons have
been affected by the dethronement
or abdication of ruling houses in
Germany, according to the Zeitung
am Mittag, of Berlin. Of this num-
ber, thirty-three were of the royal
Prussian house and thirty-nine of
the Bavarian reigning family.

DARTING, PIERCING SCIATIC PAINS

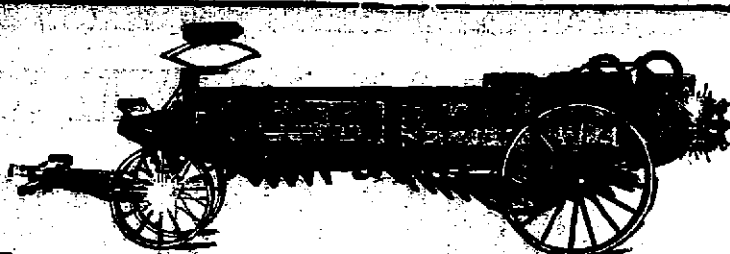

Give way before the pen-
etrating effects of Sloan's
Liniment

So do those rheumatic twinges and
the loin-aches of lumbago, the nerve-
inflammation of neuritis, the wry neck,
the joint wrench, the ligament sprain,
the muscle strain, and the throbbing
bruise.

The ease of applying, the quickness
of relief, the positive results, the clean-
liness, and the economy of Sloan's
Liniment make it universally preferred.

Sloan's
Liniment
Kills Pain

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a
wagon and some other things. He cannot raise a crop without
a plow, but he can raise a crop, such as it is, without a manure
spreader.

All farmers buy plows, cultivators and wagons because they
have to, just as the small boy goes to school because he is com-
pelled to.

When a boy grows big so he knows the value of schooling,
he goes because he wants to. When a farmer grows big to know
the value of a manure spreader and how many more bushels it
will make each of his acres produce, he buys it, not because he
is compelled to, but because he knows it is the best money-maker
he can put on his farm.

If our country demands more food, if we must feed besides
the people of our own United States, many of the peoples of the
belligerent countries, our duty is plain—we must make every
acre produce to its limit. There is no machine that will increase
the otherwise normal output of any acre of ground as much as
the manure spreader. There is no machine made today that will
INCREASE the food production of this country as will the
spreader. There is no manure spreader made that will come nearer
the ideal or perfect machine than the RUSHVILLE SPECIAL
Spreader you will find on our sample floor. Come in and see it.

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as
well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—
absolutely storm-tight from windshield to rear window—brilliantly
lighted limousine.

For the Ford driver who has considered winter driving a hard-
ship rather than a pleasure, this patented all-weather top will be
most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or
blinding snowstorms. The weatherproof top becomes an integral
part of your Ford at a very reasonable cost.

NOTICE TO NON-RESIDENT

The State of Indiana, Rush County, In the Rush Circuit Court, November Term, 1918.

Ora L. Lacey vs. George Emery Lacey. Complaint No. 1712.

Now comes the plaintiff, by Thomas E. Glascock, attorney, and files her complaint herein together with an affidavit, that the residence of the defendant, George Emery Lacey is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless he be and appear on Saturday, the 18th day of January, A. D. 1919, at the court house in Rushville, in said county and State, and answer or demur to said complaint, the same will be heard and determined in his absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said Court, at Rushville, this 23d day of November, A. D. 1918.

GEO. B. MOORE, JR., Clerk. Nov 26-Dec 3-10-17

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drainage of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

BODIES TO BE SENT CHECKING UP CORN BACK FOR BURIAL GROWERS CONTEST

Rush County Soldiers Who Gave Life For Their Country Will be Buried Here

SOME PARENTS OBJECTING

Prefer to Have Body Lie Undisturbed Where it Fell—Government Plans Are Made

The bodies of all Rush county soldiers buried in France will be returned to this county, according to the plans of the war department which have been worked out. The parents of some American soldiers, who have given their lives for their country, have objected to the removal of the bodies, Col. Roosevelt being among them, but it is not expected that there will be any objections by Rush county parents whose sons have fallen in France.

As General March, chief of staff, pointed out in his letter to Mr. Roosevelt the other day, this policy of bringing back bodies is of long standing. It was started in the days of the Spanish war and the Philippine insurrection and was followed during the trouble with Mexico. The policy was adopted in response to a very widespread demand on the part of relatives of the dead soldiers.

So far the casualty reports, as announced have shown nearly 30,

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bitten feet and colds of the chest (it often prevents pneumonia).

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold, or catarrh, disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a "little" of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

One Thousand Contestants Were Entered in the Spring But 300 Dropped Out.

FARMERS ARE THE JUDGES

Prizes Consist of Gold Medals for Those Growing More Than 100 Bushels to the Acre.

Lafayette, Ind., Nov. 26.—Work of checking up the results of the classic of the Indiana corn growers association, was nearly completed today. Ten Indiana farmers are the judges. One thousand contestants were entered in the spring but 300 dropped out.

The contest, held under the direction of the corn growers' association, is designed to demonstrate to farmers just what the cost of production is, in proportion to the yield.

It has been demonstrated, according to R. S. Thomas of Purdue university, who is in charge of the contest, that the cost of producing corn which will yield seventy-five bushels to the acre is much less than where the yield is only half as much.

In the county contest, the five acre tract will be scored seventy per cent on yield and thirty per cent on cost of production while in the state contest the yield alone will be taken into consideration.

The contest was first started as a food production project. The number of entries this year is almost double that of last season. The judges are: L. L. Adamson, Williams; J. F. Helms, Richmond; R. L. Thompson, Topeka; C. E. Troyer, LaFontaine; George Kerlin, Franklin; S. W. Taylor, Booneville; E. C. Martindale, Wilkinson; Ernest Thornburg, Shelbyville, and Grant Johnson, Dale.

Prizes consist of gold medals to those growing more than 100 bushels to the acre; silver to those growing between 85 and 100 and bronze for seventy-five to eighty-five bushels.

FOR CAPTIVES IN GERMANY

Mail Should be Addressed to Old Company and Regiment

Washington, Nov. 26.—Letters to American soldiers who were prisoners in Germany when the armistice was signed should be addressed to the company and regiment with which they served before their capture, the war department has announced. The words "formerly prisoner of war in Germany" should be written in the left hand corner of the envelope.

Christmas packages may be sent to men who were prisoners after coupons to be attached to the parcels are obtained by the nearest relatives of the men from any local chapter of the Red Cross.

000 deaths in France. The adjutant-general's office has not been advised by General Pershing as to how many casualties are yet to come through.

Plans for bringing back the dead have already been worked out. It was important, of course, first of all to keep track of the burial places of the men who gave up their lives. A commission has charge of this work, and the war department officials say they understand that identification markers have been placed over nearly all the graves. It was inevitable, say the officials, that the commission could not locate all the dead and in some instances it has been impossible to put up markers with the name.

The "unknown" will be brought back with others and buried in Arlington cemetery in Washington. At this time the war department is unable to say how soon the dead will be brought back. Officials say that the bodies will be transported as soon as possible after the peace treaty is signed. The tentative arrangement is that a representative of the government shall accompany each body to its destination in the United States and see that it is turned over to relatives for home burial.

Two hundred and nine years ago the province of New York put a closed season upon deer, partridge, quail, wild turkeys and heath hens.

MRS. FLORENCE AUSTIN CHASE

MRS. FLORENCE AUSTIN CHASE GIVES ADVICE TO HOUSEWIVES

One of America's Foremost Authorities on Scientific Cooking and Pure Foods

Thousands of women are daily guided in their cooking by the advice and suggestions of this most eminent authority. Mrs. Chase has shown those housewives how to materially reduce the high cost of living and secure better results in every branch of cooking—she has given them the benefit of her scientific methods—she has shown them how to avoid impure foods.

A graduate of the University of Chicago—a domestic science lecturer of national fame—she knows which is best through exhaustive experiments and the constant study of scientific cooking and pure foods.

One of the subjects nearest her heart—one which she has given endless study—one which she considers of vital importance—is baking and baking powders. In a recent interview Mrs. Chase said:

"I use Calumet Baking Powder because I find it absolutely dependable and uniform, and because it has more leavening strength than most baking powders. Like every other domestic science lecturer, I am interested in reducing the high cost of living and am interested in Calumet, because it is sold at a moderate price."

"The wholesomeness of the ingredients which are used in the manufacture of Calumet is attested by the Remsen Reference Board, appointed by the President of the United States and also by the medical profession."

"In my work on the lecture platform, I must use a baking powder which is wholesome beyond question and which is absolutely dependable, and Calumet meets all my requirements."

An endorsement by Mrs. Chase of any particular product is without dispute absolute proof that that brand is superior to all.

She has found through tests, as you will find the first time you use Calumet, that Calumet is the one baking powder that absolutely insures uniform results—that its wonderful leavening strength produces the lightest, most healthful, tastiest bakings—that its nourishing and delicious. She has found that Calumet is pure in the can and pure in the baking—her tests prove conclusively, as do those of millions of housewives who always use Calumet, that it goes farther than other baking powders. If you now judge baking powder according to price, you are making a vital mistake.

Get a can of Calumet at once on the money-back guarantee—that it every way—bake everything with it. If it does not beat your present favorite brand in every way, your grocer is authorized to refund your money—you risk absolutely nothing. Begin now to enjoy real bakings—to save money.

Remember, Calumet is used by millions of housewives and domestic science teachers everywhere.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Checks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package, at any drugist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.
